Alma Mater

Hail To Thee, Our Alma Mater, Colorado State.
Memories Are Everlasting Of This Place So Great!
May Thy Green And Gold Unite Us, Loyal Ever Be.
Colorado State, Our Alma Mater, Hail, All Hail, To Thee.

Colorado State University Seal

The Colorado State University seal is a modification of the official State of Colorado Seal, approved by the first General Assembly of the State of Colorado on March 15, 1877.

The seal consists of the eye of God within a triangle, from which golden rays radiate. Below the triangle is a bundle of birch or elm rods, wrapped with a scroll and around a battle axe bound by thongs. The scroll is called a Roman fasces and is the insignia of a republican form of government. The bundle of rods bound together symbolizes strength, which is lacking in the single rod. The axe symbolizes authority and leadership. Below the scroll is the heraldic shield bearing across the top three snow-capped mountains. The lower half of the shield has two miner's tools, the pick and sledge hammer, crossed on the ground.

As the University evolved, the seal was updated to reflect changes to the school's name. The original name was the State Agricultural College. In 1935, the name changed to Colorado State College of Agricultural and Mechanical Arts. In 1957, the name was again changed – this time to Colorado State University.

The original seal was made of hand-tooled leather. Damaged during the campus flooding of 1938, the original border was cut away in a random and arbitrary fashion and stitched back down on a new piece of leather in a scallop-like manner, giving the seal its current appearance.

Academic Regalia

Academic costume dates back to the 13th century, when it served two functions of nearly equal importance: Medieval scholars wore it to indicate their academic rank and to keep warm in the drafty buildings. Hoods seemed to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was displaced by a headdress more or less like one or another of those now recognized as "academic." In the days of Henry VIII of England, Oxford and Cambridge first began prescribing a definite academic dress and made it a matter of university control even to the extent of its minor details.

Gowns: In the United States, traditionally, the gowns are black and the bachelor's gown is untrimmed with pointed sleeves and is worn closed; the master's gown has an oblong sleeve and may be worn open or closed; and the doctor's gown has velvet front facings, crossbars on the bell-shaped sleeves, and may be worn open or closed. In recent years, a number of American universities have adopted gowns of distinctive school colors. At Colorado State University, candidates for bachelor's degrees with distinction (approximately the top 10 percent of a college's graduating class) wear **gold robes,** and bachelor's degree candidates from the University Honors Program wear **green gowns and black stoles.**

Caps: Mortarboards are the most common; tams also are seen accompanying doctor's gowns. Tassels are black or the color appropriate to the subject of study with the exception of the doctor's cap, which may have a tassel of gold.

Hoods: The hood is the most distinctive feature of the American academic costume. Its length and shape indicate whether the degree is a master's or a doctorate; the lining displays the official colors of the university granting the degree; and the velvet trim indicates the field of study.

Land Acknowledgment

Colorado State University acknowledges, with respect, that the land we are on today is the traditional and ancestral homelands of the Arapaho, Cheyenne, and Ute Nations and peoples. This was also a site of trade, gathering, and healing for numerous other Native tribes. We recognize the Indigenous peoples as original stewards of this land and all the relatives within it. As these words of acknowledgment are spoken and heard, the ties Nations have to their traditional homelands are renewed and reaffirmed.

CSU is founded as a land-grant institution, and we accept that our mission must encompass access to education and inclusion. And, significantly, that our founding came at a dire cost to Native Nations and peoples whose land this University was built upon. This acknowledgment is the education and inclusion we must practice in recognizing our institutional history, responsibility, and commitment.

Spring 2019

Dear Colorado State University Graduate:

Congratulations on your commencement, and welcome to the ranks of Colorado State University alumni! On behalf of the faculty, staff, and your fellow graduates of Colorado State, I wish you great success in the coming years as you move on to the next phase of your life.

It is my honor to share this day with you, as this will be the final commencement for me in my role as president of Colorado State University, and I am grateful to have been able to share in the celebrations of so many graduates over the years.

Graduation day prompts much unsolicited advice, so here is mine: As you venture through life, stick with what has gotten you this far already. Stay true to your values, work hard, honor your commitments, and celebrate the ones you love.

I know the world today is even more complex and perhaps more daunting than it was when I graduated college. You will no doubt face struggles, but no struggle is insurmountable. Remember that you have the skills and education to achieve success, so have faith in yourself and your ability to carve out your own unique niche in life and make a difference in our world.

We share the pride of your family and friends in this important accomplishment. I hope that you look back on your time here at Colorado State University with fondness and great pride and you remain connected with your alma mater in the years ahead.

Sincerely,

Dr. Tony Frank
President

Mr. Bob Hottman, '77, Commencement Speaker

Bob Hottman is a partner in Plante Moran and leader of the Family Office practice for the firm's Rocky Mountain region. Prior to combining with Plante Moran, Bob served as CEO of EKS&H for 22 years. During his tenure, he helped EKS&H grow from 50 people to more than 750. Plante Moran is currently the 11th largest firm in the United States with more than 3100 staff in 27 offices.

Throughout his career, Bob has enjoyed helping clients and staff grow and seeing their dreams become reality. While he has served a variety of industries, the focus was always the people and families who owned and ran the businesses. Given his passion to serve others, he is often asked to speak on values, culture, and servant leadership and truly enjoys sharing how individuals, families, and organizations can shape their culture to the things that matter most to them.

Bob feels very fortunate to have served or currently serve on the boards of great organizations like Children's Hospital Colorado, Denver Metro Chamber of Commerce, Junior Achievement, Global Leadership Council for Colorado State University College of Business, Big Brothers Big Sisters, Laradon, Colorado Succeeds, and the Colorado Workforce Development Council's Business Experiential Learning Commission. He is a graduate of Colorado State University with a Bachelor of Science in Business Administration. His professional affiliations include membership in the AICPA and the Colorado Society of CPAs.

Bob has been recognized by Colorado State University College of Business as a "Distinguished Alumni" and by the Colorado State University Accounting Department as a Hall of Fame inductee. He has also been fortunate to receive the Denver Metro Chamber of Commerce "Robert Blankenship Heart Award" and the Colorado "I Have a Dream Foundation Dream Maker Award."

Kiri Michell, '18

Kiri Michell graduated in fall 2018 with a B.S. in Food Science and Human Nutrition and a minor in Gerontology. As a high school student, Kiri attended CSU's Saturday Morning Engineering Club and Youth Sports Camps. She had the opportunity to shadow Dr. Melissa Wdowik and was drawn into nutrition and health. While at CSU, she was a resident assistant for Aggie Village, served on the Dean's Leadership Council for the College, and was a representative to the University Facility Fee Advisory Board.

Kiri is now a graduate student in the Department of Food Science and Human Nutrition at CSU and a research assistant in the Functional Foods and Human Health Laboratory with Dr. Sarah Johnson.

Nancy Richardson, Co-Owner Otterbox Products, LLC

Nancy Richardson is the co-owner of Otter Products LLC, a leading provider of protective cases for hand held devices. She is the brain behind the iconic OtterBox brand name and logo. Nancy also serves as co-founder and board member of Blue Ocean Enterprises Inc. and Blue Ocean Holdings LLC, firms dedicated to strategic investments in new businesses and real estate.

Nancy graduated from Colorado State University with a degree in Interior Design. She has continued her involvement with the university through the construction of the Nancy Richardson Design Center on campus. The state-of-the-art center serves as a creative space for students and faculty in programs across campus, including interior architecture and design, apparel and merchandising, landscape architecture, art, engineering, product development, entrepreneurship and construction management.

Allegra Vazquez, '18

Allegra Vazquez, a first-generation student, graduated in spring 2018 as a Food Science and Human Nutrition major. Now a staff member in the Food Science and Human Nutrition department, she is pursuing her passion involving clinical studies and advancing research.

As a clinical coordinator and research associate, she runs studies for the Functional Foods Laboratory and the Intestinal Health Laboratory, assessing the role of super foods and the gut microbiome on cardiovascular and metabolic health.

Stephen Malloy Brackett, Commencement Speaker

Stephen Malloy Brackett ('06, Philosophy) has been rhyming words as a calling and profession for the last 12 years. He has toured the world with his band Flobots, using music as a platform for engagement and collective empowerment. The band's platinum hit, "Handlebars," has allowed Stephen to share the stage with many of his heroes, including Desmond Tutu, the Dalai Lama, Rage Against the Machine, Public Enemy, Bernie Sanders, and Emily Keys.

His time as a philosophy student at CSU nurtured his lifelong love affair with the arts, education, and activism. Blending those passions, he co-founded the non-profit Youth on Record. Youth on Record exists to empower Colorado's youth to achieve their academic, artistic, and personal best by employing local, professional artists as their educators. Youth on Record has impacted the lives of thousands of young people.

Stephen comes from a family that set a precedent of using your gifts to benefit others. He gives credit to his mother, Ava Malloy Brackett, for setting a precedent that allowed no label to define her outcome.

Stephen lives in his home town of Denver, Colorado, with his brilliant wife, Jennifer, dog, Scout, and cat, Puma.

Dr. Reginald Washington, Commencement Speaker

Reginald Washington MD, FAAP, FACC, FAHA graduated from CSU with a B.S. in Zoology. He then attended the University of Colorado School of Medicine where he received his MD degree. He completed his postgraduate training at the CU Hospital System including a Fellowship in Pediatric Cardiology.

Dr. Washington has been the Chief Medical Officer of the Rocky Mountain Hospital for Children since 2010 and Presbyterian St. Luke's Medical Center in Denver since 2017. He is a Clinical Professor in the Department of Pediatrics at University of Colorado Health Sciences Center. In addition, he is the past president of the Medical Staff as well as past chairman of the Department of Pediatrics at Presbyterian/St. Luke's Medical Center in Denver, Colorado. He was in private practice as a pediatric cardiologist for 30 years with Rocky Mountain Pediatric Cardiology.

Dr. Washington has published more than 78 articles in peer-reviewed journals on childhood obesity, pediatric cardiology and related topics, and serves on the Editorial Board for the *Journal of Pediatrics* and the Editorial Board of Congenital Heart Disease. He was a member of the AHA's writing group "Eligibility and Disqualification Recommendations for Competitive Athletes with Genetic and Congenital CV Diseases." He served for 8 years on the Board of Governors for the Colorado State University System including a term as Chairman of that body.

Ms. Brittany Stinson, Commencement Speaker

A native of Fort Collins, Brittany graduated from Fort Collins High School in 1998 and began pursuing her engineering degree at Colorado State University (CSU). She graduated summa cum laude in 2002 with degrees in Civil Engineering and Engineering Science (Space Concentration) and a minor in Mathematics. At CSU, she was awarded the Colorado Engineering Council Silver Medal, which recognizes an outstanding graduate from the College of Engineering, as well as Outstanding Civil Engineer.

Brittany interned at ATK Thiokol (now part of Northrop Grumman), where she worked on the Solid Rocket Motors for the Space Shuttle, and Lockheed Martin Space Systems, working on the Atlas launch vehicle. Brittany also worked with Dr. Paul Wilbur and a small team of students on NASA's Interstellar Precursor Mission, designing an ion propulsion system. At CSU, she was active in SWE, AIAA, Chi Epsilon, as well as concrete canoe and coaching tennis. After graduation, Brittany joined Lockheed Martin Space Systems in Littleton, Colorado, launching Atlas missions for the Air Force and NASA, including New Horizons, the first mission to Pluto and beyond. In 2006, she became part of United Launch Alliance (ULA), a Lockheed Martin and Boeing joint venture.

In 2007, Brittany earned her Master's degree in Aerospace Engineering from the University of Colorado and was the recipient of CSU's Graduate of the Last Decade (GOLD) award. Brittany is currently a Mission Manager and Program Manager for ULA. In this position, Brittany has technical and programmatic responsibility for National Reconnaissance Office (NRO) missions.

In her spare time, Brittany loves to travel anywhere with Disney in the name, play tennis, and read. She currently lives with her husband, Eric, in Parker, Colorado.

The Mace

The mace, originally a weapon of offense, has long been the insignia of authority. The mace carried in today's ceremony was presented to Colorado State University by the College of Natural Resources in 1981. The three-and-half-foot black walnut staff, surmounted by a carved rams head, is embellished in silver with the emblems of Colorado State University and the State of Colorado.

A History of Colorado State University

Old Main

Colorado State University originated in 1870 when the territorial legislature established an agricultural college at Fort Collins. This school qualified for endowment under the Morrill Act of 1862, which provided federal land grants to academic institutions offering instruction in "such branches of learning as are related to agriculture and the mechanic arts" and promoting "the liberal and practical education of the industrial classes in the several pursuits and professions of life." Ideally, land-grant schools would make higher education more useful, accessible, and democratic.

Nearly a decade passed before classes began at Fort Collins, but in the interim, experimental work was conducted on the campus farm. How could the emerging modern sciences of physics, chemistry, and biology be applied to Colorado's distinctive agricultural conditions? Which were the most suitable methods of soil use, irrigation, crop selection, animal care, and pest control? Answers demanded careful study, which an agricultural experiment station would soon provide. Research thus preceded teaching.

On September 1, 1879, President Elijah E. Edwards and a two-member faculty welcomed the first students to the college. In the beginning, a single course of study served all, and the original graduating class – George H. Glover, Leonidas Loomis, and Libby Coy – received degrees on June 5, 1884. By the turn of the century, however, the curriculum included fully developed majors in agriculture, engineering, and home economics, along with fledgling graduate-level work. Dedicated faculty contributed to this development, among them James Lawrence, Clarence Gillette, Theodosia Ammons, and Elwood Mead. Mead, for example, introduced the first instructional program in irrigation engineering to be offered by an American college or university, and Lake Mead, Nevada, commemorates his subsequent professional esteem.

Outreach augmented research and teaching. Knowledge generated in Fort Collins could benefit Coloradans beyond the home campus, and in 1880, the college began offering farmers' institutes at various locations. Eventually, extension agents would provide locally focused service in all Colorado counties and launch enduring programs, such as 4-H. Research, teaching, and outreach were all key college programs when Charles A. Lory began a 31-year tenure as president in 1909. A former ditch rider, whose family had homesteaded in Colorado, Lory imbued the school with a commitment to practical education and service to the state. During his presidency, enrollments grew from 217 to 2,048, and the college developed into a well-rounded technical institution. By 1940, degrees were available in agriculture, engineering, home economics, veterinary medicine, forestry, vocational education, agricultural economics, and rural sociology. Notable faculty of the Lory era included Inga Allison, Lawrence Durrell, Walter J. Morrill, Isaac E. Newsom, Elizabeth Forbes, and Ruth J. Wattles.

These years also featured extracurricular activities and campus traditions. Fraternity and sorority life, Coach Harry Hughes' football teams, and painting the "A" all left indelible memories. So did the calamity of the Great Depression, which posed exceptional challenges for Colorado's land-grant institution as it worked to mobilize outreach support for the state's hard-hit rural areas.

American involvement in World War II threw normal college routines into disarray. Enrollments plummeted as students and faculty left Fort Collins for military service. Although the college remained open because of President Roy Green's success in bringing military training programs to the campus, national defense rather than collegiate goals prevailed. Research and extension efforts strongly emphasized agricultural output.

The post-war years saw an influx of veterans attending college on the G.I. Bill. In addition, Cold War tensions led to vastly augmented federal support for scientific research and training. Sponsored projects proliferated as did graduate programs.

William E. Morgan, who became president in 1949, led the school's emergence as a modern educational institution. A prudent planner, he foresaw the need for major campus expansion, identified areas of excellence, and encouraged their development. In 1955, the college awarded its first Ph.D. degree (to Adrian R. Chamberlain) and two years later changed its name to Colorado State University. Curricular improvements in the liberal arts, library acquisitions, and international programs gave legitimacy to the title of "university."

During the 1960s, enrollments soared from 6,131 to nearly 17,000, enabling gifted teachers, such as Willard Eddy and Meyer Nathan, to influence numerous students. Young people of this era also seemed determined to exercise an influence of their own by challenging perceived injustices. Concerns about racism, military power, environmental

despoliation, discrimination against women, and rules governing student behavior provoked protests.

Adrian R. Chamberlain succeeded William E. Morgan as president in 1969 amid campus unrest that culminated in the burning of the Old Main building in 1970. Chamberlain worked to consolidate university changes during a period of less rapid growth. By the conclusion of his 11-year tenure, the boom in American higher education had ended, along with the moral fervor of a youthful generation. Good jobs now elicited greater concern than good causes.

During the 1980s, Colorado State University faced many questions. Which programs would best serve a dynamic modern society? Could traditional commitments to agriculture and rural Colorado be balanced against escalating urban needs and international involvements? What role should computers and electronic networks play in facilitating education? The university addressed these and other critical issues despite administrative upheaval that featured three different presidents within a four-year period.

The 1990s imposed both new and traditional demands upon Colorado State University. Particularly notable was the flood of July 28, 1997. Despite devastating damage to the campus, including Morgan Library and the Lory Student Center Bookstore, CSU managed to start Fall Semester classes on time. This achievement reflected remarkable effort, which President Albert Yates defined as a challenge to make the university into "a better and stronger place in all of its dimensions." During his 13-year presidency, which began in 1990, Yates provided leadership that significantly advanced this goal, seeking, in his words, to "always turn adversity to advantage." CSU emerged from the flood with an enhanced sense of community, and its rebuilt campus was functionally and aesthetically superior to the earlier one. Under Yates, the quality of undergraduate and graduate education and research steadily improved, along with opportunities for women and underrepresented minorities. Faculty such as Temple Grandin, Stanley Shumm, George Seidel, Stephen Withrow, Diana Wall, and Holmes Rolston achieved international renown, thereby enhancing CSU's scientific and scholarly stature.

Intercollegiate athletics also flourished. Sonny Lubick's winning football program, formation of the Mountain West Conference, and unprecedented success for women's teams highlighted this trend. Olympic champion swimmer Amy Van Dyken and basketball All-American Becky Hammon were among the school's best-known athletes.

Recently, CSU, like most public universities, has been severely tested by state, national, and global economic problems, along with competition for students by peer institutions and proliferating online academic programs. It has responded by diversifying resources, maintaining fiscal stability, and pursuing appropriate goals. For example, environmentalism has become an institutional objective, rekindling CSU's longstanding research and teaching expertise in this realm. The university has emphasized science, technology, engineering, and mathematics education, while concurrently promoting the values of international understanding and

Guggenheim

responsible community involvement. It has also launched a significant building program that initially featured bargain construction savings during the Great Recession and consistently low interest rates. Additions included: living-learning residence halls, technology-enabled classrooms, a totally refurbished Student Center, and an on-campus stadium. Rarely has CSU's commitment to the "power of place" been more evident than in the transformational character of its campus during the past decade – functionally, aesthetically, and sustainably.

Anthony A. Frank, inaugurated as CSU's 14th president in 2009, has facilitated these changes. A faculty member since 1993, he subsequently held key administrative positions, developed solid understanding of CSU's fiscal complexities, and worked actively to promote its institutional priorities. According to Frank, these priorities reflect a land-grant educational heritage that embodies America's "independent spirit and entrepreneurial character" and "the value of merit over social status and economic class." Moreover, cognizant of history, he understands that CSU has confronted numerous crises in the past and surmounted them – a perspective that makes present-day problems seem less daunting.

Today, at this moment, tradition finds renewal in the academic ceremony of commencement – simultaneously celebrating past accomplishment, transition, and future promise. Since 1884, Colorado State University has bestowed 252,233 degrees. At present, 26,736 on-campus students, representing 103 nations, receive instruction from 1,884 faculty in eight separate colleges, plus the Graduate School. Research expenditures total $375 million annually. This vitality is rooted in a dynamic legacy that enables Colorado State University to address the challenges of the post-9/11 era. Historically, this school has embraced democratic opportunity, rewarded competence and merit, and instilled perseverance. It has advanced wisdom as well as knowledge. These values are crucial to sustaining human civilization in the 21st century.

Board of Governors of the Colorado State University System

The Board of Governors consists of 15 members, 9 of whom are appointed by the governor of Colorado to serve four-year terms as voting members. Voting members may be appointed to a maximum of two four-year terms. The 6 non-voting members represent Colorado State University, Colorado State University-Pueblo, and Colorado State University-Global Campus. One faculty member and one student leader are representatives from each university.

Candidates for Baccalaureate Degrees Awarded With Distinction
Spring 2019

Summa cum laude designates approximately the top one percent of graduates in each college.
Magna cum laude designates approximately the next three percent of graduates in each college.
Cum laude designates approximately the next six percent of graduates in each college.

The actual number of students is dependent on the number who meet the published minimum grade-point average by college.

Kayla Ashland, *University Honors Scholar,* Biological Science major with Biological Science concentration and Biomedical Sciences minor. Thesis title: *Animal Anatomy Camp.* Thesis adviser: Jeremy Delcambre, Biomedical Sciences.

Taylor Bailey, *University Honors Scholar,* Biological Science major with Biological Science concentration and Environmental Affairs minor, *Cum Laude*. Thesis title: *Security and Conflict: Understanding the Relationship Between Natural Resource Insecurity, New Wars, and Refugee Movements.* Thesis adviser: Peter Harris, Political Science.

Mackenzie Baldwin, *University Honors Scholar,* Business Administration major with Organization and Innovation Management concentration and International Business and Entrepreneurship certificates. Thesis title: *Workplace Stress: What Workplace Stress Is and How Managers Can Combat the Negative Impacts.* Thesis adviser: Chris Henle, Management.

Natalie J. Bales, *University Honors Scholar,* Neuroscience major with Cell and Molecular Neuroscience concentration and Spanish minor, *Magna Cum Laude*. Thesis title: *The Distribution of Calcitonin Gene Related Peptide in the Central Nervous System of the Mouse Brain and the Potential Role in the Paraventricular and Suprachiasmatic Nuclei of the Hypothalamus.* Thesis adviser: Robert J. Handa, Biomedical Sciences.

Anita Bancroft, *University Honors Scholar,* Nutrition and Food Science major with Dietetics and Nutrition Management concentration and Gerontology minor, *Magna Cum Laude*. Thesis title: *Relation Between Physical Activity Status and Diet Quality in Adolescents.* Thesis adviser: Dan Graham, Psychology.

Morgan Bannert, *University Honors Scholar,* Animal Science major, Spanish minor and Animal Nutrition certificate, *Magna Cum Laude*. Thesis title: *The Effects of Zeolite as a Bedding Additive for Dairy Calf Hutches.* Thesis adviser: Shawn Archibeque, Animal Sciences.

David Michael Beaver, *University Honors Scholar,* Microbiology major. Thesis title: *How RNA Viruses Hamper and Evade the Cellular Nonsense Mediated Decay Machinery During Infection.* Thesis adviser: Jeffrey Wilusz, Microbiology, Immunology and Pathology.

Geetanjli Bhade, *University Honors Scholar,* Zoology major. Thesis title: *A Review of Changes in Emotional Support Animal Policy and Its Effect on the Community of Colorado State University.* Thesis adviser: Helen Holmquist-Johnson, School of Social Work.

Alexandra Bicket, *University Honors Scholar,* Neuroscience major with Behavioral and Cognitive Neuroscience concentration, *Cum Laude*. Thesis title: *Response Inhibition Represented by the N200 in Adults in a Go/NoGo Task.* Thesis adviser: Patti Davies, Occupational Therapy.

Mackenzie Bigler, *University Honors Scholar,* Biomedical Sciences major and History minor. Thesis title: *What Would the World Be If the United States Went to War with India?* Thesis adviser: Sarah Zwick-Tapley, Honors Program.

Madison Bloom, *University Honors Scholar,* Animal Science major. Thesis title: *Development of Strong First Year Communities to Negate Risk Factors and Increase Student Retention Rates at Colorado State University.* Thesis adviser: Mari Strombom, HDS Administration.

Austin Boone, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration and Biomedical Sciences minor. Thesis title: *Christian Bioethics: Are They Applicable in a Pluralistic Society?* Thesis adviser: Matthew Hickey, Health and Exercise Science.

Isabel Brown, *University Honors Scholar,* Biomedical Sciences major and Spanish minor. Thesis title: *Conquering the Crisis: How Africa Can End the AIDS Epidemic.* Thesis adviser: James Graham, Biomedical Sciences.

Katelyn Brown, *University Honors Scholar,* Biomedical Sciences major, *Magna Cum Laude*. Thesis title: *Incorporating Integrative Case Studies into Undergraduate Education.* Thesis adviser: Tod Clapp, Biomedical Sciences.

Landon Brown, *University Honors Scholar,* Zoology major. Thesis title: *All Alone Together: An Analysis and Reflection of Mental Health Issues Faced by University Students.* Thesis adviser: Mark Prince, Psychology.

Elizabeth Bruce, *University Honors Scholar,* Biological Science major with Biological Science concentration. Thesis title: *Linguistics and the Brain: Does the Language We Speak Impact the Way We Think?* Thesis adviser: Gerald Callahan, Microbiology, Immunology and Pathology.

Wyatt James Bryan, *University Honors Scholar,* Mechanical Engineering major and Business Administration minor. Thesis title: *Intercollegiate Rocket Engineering Competition (IREC) – Aries V.* Thesis adviser: Anthony Marchese, Mechanical Engineering.

Benjamin Buescher, *University Honors Scholar,* Fish, Wildlife and Conservation Biology major with Wildlife Biology concentration and Zoology and Global Environmental Sustainability minors. Thesis title: *Identification and Evaluation of "Soundmarks" in National Parks.* Thesis adviser: George Wittemyer, Fish, Wildlife and Conservation Biology.

Blake Burchard, *University Honors Scholar,* Business Administration major with Accounting concentration. Thesis title: *At the End of it All – A Collection of Poems from Stories that Changed Lives Forever.* Thesis adviser: Dan Beachy-Quick, English.

Jennifer T. Burritt, *University Honors Scholar,* Civil Engineering major. Thesis title: *Wasson Dam Rehabilitation.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Carly Butynski, *University Honors Scholar,* Human Dimensions of Natural Resources major and Conservation Biology minor. Thesis title: *Trends in Human-Carnivore Conflict in the Samburu Region of Northern Kenya.* Thesis adviser: Brett Bruyere, Human Dimensions of Natural Resources.

Hannah Calcaterra, *University Honors Scholar,* Neuroscience major with Cell and Molecular Neuroscience concentration. Thesis title: *Analysis of Silver Nanoparticles in Consumer Spray Products.* Thesis adviser: Candace Tsai, Environmental and Radiological Health Sciences.

Christina Canino, *University Honors Scholar,* Chemical and Biological Engineering major with Biomedical Engineering minor, *Cum Laude*. Thesis title: *A Crystal Clear Look at Glass Recycling.* Thesis adviser: Kenneth Reardon, Chemical and Biological Engineering.

Courtney Saralyn Carlisle, *University Honors Scholar,* Business Administration major with Accounting concentration and Economics minor, *Magna Cum Laude*. Thesis title: *The Future of Audit-Data Analytics and the Regulatory Environment.* Thesis adviser: Thomas Vance, Accounting.

Kyle W. Carr, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration and Mathematical Biology minor, *Magna Cum Laude*. Thesis title: *Influence of Flavored Electrolyte Supplement on Physiological Strain Index in a Simulated Wildland Firefighting Ingress Hike.* Thesis adviser: Jennifer Richards, Health and Exercise Science.

Addison Carroll, *University Honors Scholar,* Soil and Crop Sciences major with Plant Biotechnology, Genetics, Breeding concentration, *Magna Cum Laude*. Thesis title: *Characterization of Secondary Traits for Drought Tolerance in Aegilops tauschii.* Thesis adviser: Scott Haley, Soil and Crop Sciences.

McKenna Castleberry, *University Honors Scholar,* Biological Science major with Botany concentration and English major with Creative Writing concentration, *Cum Laude*. Thesis title: *Notes from a (Sea)Dragon Writer.* Thesis adviser: Meena Balgopal, Biology.

Brookelyn Childers, *University Honors Scholar,* Agricultural Business major and Spanish minor. Thesis title: *The Effect of Gender-Based Homophily on Firm Performance: A Case for Women in Leadership in Agriculture.* Thesis adviser: Dawn Thilmany, Agricultural and Resource Economics.

Caleb Christen, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *Elimination of Oxygen from Brewery Tanks via Air Separation.* Thesis adviser: John Petro, Mechanical Engineering.

Lia Clark, *University Honors Scholar,* Environmental Engineering major with Environmental Engineering concentration. Thesis title: *Las Tablas Water Distribution System.* Thesis adviser: Ryan Bailey, Civil and Environmental Engineering.

Emma Sloan Clothier, *University Honors Scholar,* Human Development and Family Studies major with Pre-Health Professions concentration and Spanish minor. Thesis title: *A Home Away from Home: A Full-Spectrum Guide to Exceptional Pediatric Oncology Programs in the United States.* Thesis adviser: Pamela Vaughan Knaus, University Honors Program.

Miranda Lynn Cochran, *University Honors Scholar,* Microbiology major. Thesis title: *Biomedical and Prey Characterization of the Predatory Bacterium Bacteriovorax stolpii.* Thesis adviser: Susan Deines, Microbiology, Immunology and Pathology.

Ethan Coldren, *University Honors Scholar,* Mathematics major with General Mathematics concentration, Physics major with Physics concentration, and Computer Science major with Computer Science concentration, *Magna Cum Laude*. Thesis title: *On Vietoris-Rips Complexes.* Thesis adviser: Henry Adams, Mathematics.

Lilly Commerford, *University Honors Scholar,* Social Work major. Thesis title: *A Window into Mental Illness.* Thesis adviser: Shannon Hughes, School of Social Work.

Nicole Coots, *University Honors Scholar,* Biological Science major with Biological Science concentration and Philosophy minor. Thesis title: *The Expression of tRNAs in Varying Angiosperm Lineages.* Thesis adviser: Dan Sloan, Biology.

Emily Cornwell, *University Honors Scholar,* Animal Science major and Business Administration minor. Thesis title: *Changing Global Trends of Antimicrobial Resistance in Nontyphoidal Salmonella as a Zoonotic Disease.* Thesis adviser: Sangeeta Rao, Clinical Sciences.

Madeline Cox, *University Honors Scholar,* Microbiology major. Thesis title: *Alteration of Different Growth Conditions to Evaluate Production of Diguanylate Cyclase in Mycobacterium haemophilum.* Thesis adviser: John Belisle, Microbiology, Immunology and Pathology.

Claire Crookston, *University Honors Scholar,* Zoology major and Conservation Biology minor. Thesis title: *Description of Skull Morphology and Variation in Bolitoglossine Salamanders.* Thesis adviser: Rachel Mueller, Biology.

Harrison Cross, *University Honors Scholar,* Civil Engineering major. Thesis title: *Energy Production Through Aquifer Storage and Recharge.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Riley Crowell, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *Using a Robotic Arm to Test Products.* Thesis adviser: John Petro, Mechanical Engineering.

Jacob Cuddemi, *University Honors Scholar,* Theatre major with Performance concentration and Music, Stage and Sports Production minor, *Magna Cum Laude*. Thesis title: *A Video Tour of the University Center for the Arts at Colorado State University.* Thesis adviser: Price Johnston, School of Music, Theatre and Dance.

David Dalzell, *University Honors Scholar,* Health and Exercise Science major and Biomedical Sciences minor, *Cum Laude*. Thesis title: *Telomeres and Their Role in Duchennes Muscular Dystrophy: Literature Review on the Application of Synthetic Telomerase Enzyme.* Thesis adviser: Matthew Hickey, Health and Exercise Science.

Constance A. Dayan, *University Honors Scholar,* Watershed Science major. Thesis title: *Analysis of Watershed Conductivity and Impervious Area in Clarksburg and Germantown, MD.* Thesis adviser: Aditi Bhaskar, Civil and Environmental Engineering.

Christian Denton, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *Antenna Test Range: Senior Design Project.* Thesis adviser: Branislav Notaros, Electrical and Computer Engineering.

Abigail DeRosa, *University Honors Scholar,* Communications Studies major and General Sociology minor, *Cum Laude*. Thesis title: *Correlation Between Fitness Motivation and Social Media Influence.* Thesis adviser: Pat Mahoney, Department of Sociology.

Alexander Dickey, *University Honors Scholar,* Business Administration major with Information Systems concentration. Thesis title: *The FREEdge at Aggie Village in Lodgepole Lobby.* Thesis adviser: Leo Vijayasarathy, Computer Information Systems.

Elliot Djokic, *University Honors Scholar and Biomedical Engineering Honors Scholar,* Biomedical Engineering and Chemical and Biological Engineering major. Thesis title: *Aortic Valve Replacement Review and Subsequent Valve Design Considerations.* Thesis adviser: Ellen Brennan-Pierce, Walter Scott, Jr. College of Engineering.

Jordan Dunlap, *University Honors Scholar,* Neuroscience major with Cell and Molecular Neuroscience concentration and Biomedical Sciences minor, *Cum Laude*. Thesis title: *Determination of Behavioral and Optogenetic Parameters for Synapse Specific Strengthening in C. elegans*. Thesis adviser: Fred Hoerndli, Biomedical Sciences.

Brennan Z. Dyehouse, *University Honors Scholar,* Business Administration major with Marketing concentration and Marketing Communication and Branding certificate, *Cum Laude*. Thesis title: *Turnaround: Telling the Stories of Music.* Thesis adviser: Arnold Robinson, Marketing.

Natalie Dyer, *University Honors Scholar,* Music major with Composition concentration. Thesis title: *Found Percussion: Using Unconventional Objects to Create Music.* Thesis adviser: Jim David, School of Music, Theatre and Dance.

Erin Elizabeth Eck, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration. Thesis title: *Immediate Effects of Boxing Therapy on Symptoms of Parkinson's Disease Sufferers.* Thesis adviser: Brian Tracy, Health and Exercise Science.

Alexis L. I. Elio, *University Honors Scholar,* Journalism and Media Communications major and Political Science major with U.S. Government, Law, and Policy concentration, *Magna Cum Laude*. Thesis title: *A Picture's Worth a Thousand Words: How Different Types of Policy Information Affect Citizen Preference.* Thesis adviser: Matthew Hitt, Political Science.

Alexandra Ellis, *University Honors Scholar,* Biological Science major with Biological Science concentration. Thesis title: *Human Gender Effect on Canine Aggression in Veterinary Clinics.* Thesis adviser: Jennie Willis, Biology.

Charis Ellis, *University Honors Scholar,* Chemical and Biological Engineering major, *Magna Cum Laude*. Thesis title: *CSU Brewery Design and Automation Team | Gifford Brewery Systems.* Thesis adviser: Anthony Maciejewski, Electrical and Computer Engineering.

Zachary Ellis, *University Honors Scholar and Biomedical Engineering Honors Scholar,* Biomedical Engineering and Mechanical Engineering major, *Cum Laude*. Thesis title: *SBME Senior Design: Allosource Tissue Debridement.* Thesis adviser: Christian Puttlitz, Mechanical Engineering.

Grant Ely, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration, *Magna Cum Laude*. Thesis title: *Finding Your Function: Analyzing One's Sense of Purpose and the Relationship to Their Worldview.* Thesis adviser: Matthew Hickey, Health and Exercise Science.

Jenna Fischer, *University Honors Scholar,* Communications Studies major and Spanish and International Development minors, *Magna Cum Laude*. Thesis title: *Making a Difference: A Rhetorical Analysis of Volunteer Tourism Program Brochures.* Thesis adviser: Ken Shockley, Philosophy.

Benjamin Fixman, *University Honors Scholar,* Neuroscience major with Cell and Molecular Biology Neuroscience concentration, *Summa Cum Laude*. Thesis title: *A Novel System for Studying Cofilin: Actin Rods During Hypoxia and Reperfusion.* Thesis adviser: James Bamburg, Biochemistry and Molecular Biology.

Zachary Fleishhacker, *University Honors Scholar,* Biochemistry major with Health and Medical Sciences concentration, *Summa Cum Laude*. Thesis title: *Alzheimer's Amyloid Beta Effects on Localized Formation of Reactive Oxygen and Cofilin-Actin Rods in Neurons.* Thesis adviser: James Bamburg, Biochemistry and Molecular Biology.

Madison Flynn, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration and Biomedical Sciences and Nutrition minors. Thesis title: *Establishing Awareness of the Role of Physical Activity and Nutrition on Children's Health, Wellness, and Cognition.* Thesis adviser: Ryan Donovan, Health and Exercise Science.

Jessica Forney, *University Honors Scholar,* Art major with Graphic Design concentration and Information Science and Technology minor. Thesis title: *Beat the Grief! An Application for Coping with Bereavement*. Thesis adviser: Cyane Tornatzky, Art and Art History.

Johanna E. Fortescue, *University Honors Scholar,* Journalism and Media Communication major and History major with Language concentration, *Summa Cum Laude*. Thesis title: *What's the Stitch? A Multi-Media Campaign to Combat the Idolization of Fast Fashion*. Thesis adviser: Michael Humphrey, Journalism and Media Communication.

Dalten Fox, *University Honors Scholar,* Political Science major with Environmental Politics and Policy concentration and Spanish and Global Environmental Sustainability minors, *Magna Cum Laude*. Thesis title: *Impact on Local Food Access and Food Waste Issues by Food Policy Councils.* Thesis adviser: Becca Jablonski, Agricultural and Resource Economics.

Alex N. Frickenstein, *University Honors Scholar,* Chemical and Biological Engineering major, *Summa Cum Laude*. Thesis title: *Developing a Computational Library for DNA Tile Design.* Thesis adviser: Christopher Snow, Chemical and Biological Engineering.

Zachary Lee Frieband, *University Honors Scholar,* Environmental Health major and Neuroscience major with Cell and Molecular Neuroscience concentration. Thesis title: *The Public Health Application of Mindfulness, Meditation, and Virtual Reality: A Literature Review with Emphasis on the Default Mode Network.* Thesis adviser: Joshua Schaeffer, Environmental and Radiological Health Sciences.

Samuel Noe Frisz, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major. Thesis title: *Medtronic O-Arm O2 Internet of Things Solution: Using the Cloud for Remote Service and Connectivity in Surgical Imaging.* Thesis adviser: Ellen Brennan-Pierce, Walter Scott, Jr. College of Engineering.

Allyson Fyfe, *University Honors Scholar,* Art major with Electronic Art concentration and Anthropology major with Biological Anthropology concentration. Thesis title: *Illustrating the Underrepresented Participants in Human Evolution.* Thesis adviser: Kimberly Nichols, Anthropology.

Mahira Ganster, *University Honors Scholar,* Psychology major with Industrial/Organizational concentration, Languages, Literatures and Cultures major with Spanish concentration and Applied Statistics minor, *Magna Cum Laude*. Thesis title: *Keeping Roles in Mind(fulness): The Moderating Effects of Trait Mindfulness on Role Salience and Work-Family Conflict.* Thesis adviser: Tori Crain, Psychology.

Cassandra Gardner, *University Honors Scholar,* Languages, Literatures and Cultures major with Spanish concentration and Political Science major with U.S. Government, Law and Policy concentration, *Summa Cum Laude*. Thesis title: *Studying Sex Trafficking at Sporting Events: A Case for the Perpetrator-Focused Approach.* Thesis adviser: Peter Harris, Political Science.

Madison Gardner, *University Honors Scholar,* Ecosystem Science and Sustainability major and Environmental Affairs minor, *Cum Laude*. Thesis title: *Veganism in FoCo: A Transmedia Story of Being Vegan in the City of Fort Collins.* Thesis adviser: Joseph Champ, Journalism and Media Communication.

Kellen Corinne Garrity, *University Honors Scholar,* Civil Engineering major. Thesis title: *North-West Colorado Earthen Dam Design*. Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Jason Gerlich, *University Honors Scholar,* Watershed Science major and Soil Science minor. Thesis title: *Impact of Vegetative Filter Strips in Water Quality Adjacent to the Little Thompson River.* Thesis adviser: Allan Andales, Soil and Crop Sciences.

Darby Gilfillan, *University Honors Scholar,* Biological Science major with Biological Science concentration and Languages, Literature and Cultures major with Spanish concentration. Thesis title: *Alpha and Beta Microbial Diversity in the Cecum of the Golden-Mantled Ground Squirrel (Callospermophilus lateralis).* Thesis adviser: Gregory Florant and Zaid Abdo, Biology.

Nisha Dilip Sarvjit Gill, *University Honors Scholar,* Human Development and Family Studies major with Pre-Health Professions concentration and Criminology/Criminal Justice minor. Thesis title: *The Effect of Storage Time on Survival Rates of the Antarctic Nematode, Plectus murrayi.* Thesis adviser: Diana Wall, School of Global Environmental Sustainability.

Regan Goodrich, *University Honors Scholar,* English major with Creative Writing concentration. Thesis title: *The Importance of Genre Fiction in Creative Writing.* Thesis adviser: Dana Masden, English.

Sarah Gormley, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major. Thesis title: *Ureteral Stent Design: Implementation of Microscopic Surface Modifications to Combat Stent Encrustation and Bacterial Attachment.* Thesis adviser: Ellen Brennan-Pierce, Walter Scott, Jr. College of Engineering.

Ellian Gould, *University Honors Scholar,* Political Science major with Environmental Politics and Policy concentration, Women's Studies and Spanish minors, *Cum Laude*. Thesis title: *Yes, It's Real: The Effects of Climate Change on Rural Women Across the Globe.* Thesis adviser: Marcela Velasco, Political Science.

Alexandra Gran, *University Honors Scholar,* Forestry major with Forest Biology concentration. Thesis title: *North Shore Junior Naturalist: A Junior Naturalist Booklet for State Parks on Minnesota's North Shore.* Thesis adviser: Nicole Stafford, Warner College of Natural Resources.

Amanda Green, *University Honors Scholar,* Art major with Graphic Design concentration. Thesis title: *Paranaut Brew Brewery Branding.* Thesis adviser: John Gravdahl, Art and Art History.

Max Griffis, *University Honors Scholar,* Forestry major with Forest Fire Science and Forest Management concentrations and Environmental Affairs minor. Thesis title: *Making Sense of the Good Neighbor Authority (GNA) in Colorado: Analysis and Recommendations.* Thesis adviser: Courtney Schultz, Forest and Rangeland Stewardship.

Hannah Haberecht, *University Honors Scholar,* Biomedical Sciences major, *Summa Cum Laude*. Thesis title: *Health Education Outreach Center Brain.* Thesis adviser: Tod Clapp, Biomedical Sciences.

Mera Habib, *University Honors Scholar,* Biochemistry major with General Biochemistry concentration and Biomedical Engineering minor. Thesis title: *Inhibiting Mutated Isocitrate Dehydrogenase in Acute Myeloid Leukemia.* Thesis adviser: Aaron Sholders, Biochemistry and Molecular Biology.

Jackson Haider, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *Elimination of Oxygen from Brewery Tanks via Air Separation.* Thesis adviser: John Petro, Mechanical Engineering.

Lauren Hallstrom, *University Honors Scholar,* English major with Creative Writing concentration and Spanish minor, *Summa Cum Laude*. Thesis title: *Selective Mutism Middle Grade Contemporary Fantasy Novel.* Thesis adviser: Thomas Conway, English.

Jinzhe Han, *University Honors Scholar,* Mathematics major with Applied Mathematics concentration and Economics major. Thesis title: *An Economic Analysis of the Evolution of Chinese Laws Regarding Business Structure.* Thesis adviser: David Mushinski, Economics.

Sara Hanneman, *University Honors Scholar,* Environmental Health major. Thesis title: *An Analysis of Telomere Length in Women Exposed to Household Air Pollution.* Thesis adviser: Maggie Clark, Environmental and Radiological Health Sciences.

Brendon Hardy, *University Honors Scholar,* Health and Exercise Science with Sports Medicine concentration and Biomedical Sciences and Nutrition minors. Thesis title: *Probiotics, The Gut Microbiota and Their Influence on Athletic Performance.* Thesis adviser: Christopher Gentile, Food Science and Human Nutrition.

Cheyenne Hargrove, *University Honors Scholar,* Social Work major and Spanish minor, *Cum Laude*. Thesis title: *Assessment of Harm Reduction Materials in Spanish for Northern Colorado.* Thesis adviser: Paula Hargrove, School of Social Work.

Jake J. Harmon, *University Honors Scholar,* Electrical Engineering major with Electrical Engineering concentration and Mathematics minor, *Summa Cum Laude*. Thesis title: *Applied a posteriori Error Estimation in the Double Higher-Order Finite Element Method.* Thesis adviser: Branislav Notaros, Electrical and Computer Engineering.

Kylee Harris, *University Honors Scholar,* Chemical and Biological Engineering major. Thesis title: *Feasibility of Using Disentangled Ultra-High Molecular Weight Polyethylene for Bio-Polymer Heart Valve Leaflets.* Thesis adviser: Susan James, Mechanical Engineering.

Hannah Harrison, *University Honors Scholar,* Ecosystem Science and Sustainability major and Sustainable Water minor, *Cum Laude*. Thesis title: *Water Balance Comparison for Headwater Catchments Across an Elevation Gradient in Northern Colorado.* Thesis adviser: Stephanie Kampf, Ecosystem Science and Sustainability.

Kadyn Harrison, *University Honors Scholar,* Mathematics major with General Mathematics concentration. Thesis title: *Characterizing Parent-Adolescent Interactions Surrounding Eating-Related Disagreements: Exploring Links to Other Parenting Practices and to Disinhibited Eating in Adolescents.* Thesis adviser: Lauren Shomaker, Human Development and Family Studies.

Samuel Havens, *University Honors Scholar,* Computer Engineering major. Thesis title: *Exploring Smart Glasses as a Solution for Patients with Macular Degeneration.* Thesis adviser: Sudeep Pasricha, Electrical and Computer Engineering.

Christopher Haynes, *University Honors Scholar,* Computer Science major with Computer Science Concentration and Business Administration minor, *Magna Cum Laude*. Thesis title: *Utilizing Blockchain to Secure Monopoly.* Thesis adviser: Joe Gersch, Computer Science.

LaRee Henry, *University Honors Scholar,* Biochemistry major with Pre-Pharmacy concentration and Molecular Biology minor, *Magna Cum Laude*. Thesis title: *Pyrazinoic Acid: Lipid Bilayer Interactions and the Indications for Mycobacterium Tuberculosis.* Thesis adviser: Debbie Crans, Chemistry.

Jennifer Ashley Hicks, *University Honors Scholar,* Biomedical Sciences major and Microbiology major. Thesis title: *An Introduction to Benchtop Techniques in a Molecular Biology Laboratory.* Thesis adviser: Colin Clay, Biomedical Sciences.

Kristin Hiemstra, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration. Thesis title: *Validation of Postural Variability Measurement for a Smart Device vs. Force Platform Across a Large Range of Sway*. Thesis adviser: Brian Tracy, Health and Exercise Science.

Valerie Tamiko Hiraki, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration, *Magna Cum Laude*. Thesis title: *Intersectionality and Student Experience Within CSU's Diversity Offices: Working Across Difference to Improve Collaboration and Understanding Between Marginalized Communities.* Thesis adviser: Michelle Foster, Food Science and Human Nutrition.

Tara Hoffmann, *University Honors Scholar,* Neuroscience major with Cell and Molecular Neuroscience concentration. Thesis title: *Analysis of Psychopathy Through Tripolar Concentric Ring Electrodes in Electroencephalogram Technology Interpreted via Source Localization Techniques.* Thesis adviser: Chuck Anderson, Computer Science.

Holli Ann Holmes, *University Honors Scholar,* Fish, Wildlife and Conservation Biology major with Wildlife Biology concentration, *Magna Cum Laude*. Thesis title: *Spatial Ecology of African Elephants Across a Kenyan Landscape.* Thesis adviser: George Wittemyer, Fish, Wildlife and Conservation Biology.

Alice Holmquist, *University Honors Scholar,* Psychology major with Mind, Brain and Behavior concentration and Languages, Literatures and Cultures major with Spanish concentration, *Cum Laude*. Thesis title: *A Comparison of Perceptions of Mental Health and Mental Health Systems in Latinos and Non-Latinos.* Thesis adviser: Karla Gingerich, Psychology.

Emily Hortareas, *University Honors Scholar,* Environmental Health major. Thesis title: *Sexuality Education: Effectiveness of Single-Gender vs. Multi-Gender Classrooms in the United States*. Thesis adviser: Jen Krafchick, Human Development and Family Studies.

Sarah Houlton, *University Honors Scholar,* Computer Science major with Computer Science Concentration and Mathematics minor. Thesis title: *Tidepool: A Study of Caustics in 3D Computer Graphics.* Thesis adviser: Ross Beveridge, Computer Science.

Mickenzie Howard, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *Bioethical and Sociological Considerations Regarding the Development, Use, and Distribution of Human Enhancement Technologies.* Thesis adviser: Moti Gorin, Philosophy.

Anna Howell, *University Honors Scholar,* Music major with Music Education concentration. Thesis title: *Senior Flute Recital: Music of Female Composers.* Thesis adviser: Michelle Stanley, School of Music, Theatre and Dance.

Kelly Hutchins, *University Honors Scholar,* Neuroscience major with Cell and Molecular Neuroscience concentration and Mathematics and Biomedical Sciences minors. Thesis title: *Lipid Droplet Formation in Schwann Cells upon Infection with Mycobacterium Leprae.* Thesis adviser: John Belisle, Microbiology, Immunology and Pathology.

Sarah Igli, *University Honors Scholar,* Biomedical Engineering and Chemical and Biological Engineering major. Thesis title: *Glucose Detection in Substances.* Thesis adviser: Chuck Henry, Chemistry.

Jessica Jackman, *University Honors Scholar,* Ecosystem Science and Sustainability major and Conservation Biology and Watershed Science minors, *Cum Laude*. Thesis title: *Analyzing Nitrogen Retention in Post-Flood Riparian Restoration Projects After Application of Soil Amendments.* Thesis adviser: Tim Covino, Ecosystem Science and Sustainability.

Hannah Jacobsen, *University Honors Scholar,* Human Dimensions of Natural Resources major and English and International Development minors, *Cum Laude*. Thesis title: *Mapping Population Changes of the Black-Tailed Prairie Dog (Cynomys ludovicianus): A Review of the Recent Population Crash in Thunder Basin National Grassland, Wyoming.* Thesis adviser: Ana Davidson, Colorado Natural Heritage Program.

Jesseri Jensen, *University Honors Scholar,* Civil Engineering major, *Cum Laude*. Thesis title: *Cache La Poudre River Bridge Replacement and Roadway Expansion.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Bingqian Ji, *University Honors Scholar,* Business Administration major with Accounting concentration and Statistics minor, *Magna Cum Laude*. Thesis title: *Sharing Economy and Tax: What a New Startup Company Does Related to Taxation.* Thesis adviser: James Stekelberg, Accounting.

Michael Jones, *University Honors Scholar,* English major with Creative Writing concentration, and Spanish and Media Studies minors. Thesis title: *A Multi-Genre Collection of Short Stories Incorporating Themes of Anxiety and Depression.* Thesis adviser: Leslee Becker, English.

Katherine Jordan, *University Honors Scholar,* Chemical and Biological Engineering major and Global Environmental Sustainability minor. Thesis title: *A Techno-Economic Analysis of Converting the Colorado State University Ramride Vehicles from Traditional Internal Combustion Vehicles to Electric Vehicles.* Thesis adviser: Jason Quinn, Mechanical Engineering.

Thomas Kady, *University Honors Scholar,* Microbiology major. Thesis title: *Characterization and Detection of BCR/ABL Translocation in Canine Chronic Myelogenous Leukemia Patients.* Thesis adviser: Anne Avery, Microbiology, Immunology and Pathology.

Nolan Keith, *University Honors Scholar,* Fermentation Science and Technology major and Business Administration minor. Thesis title: *Microbial Gluten Reduction in Traditional Sourdough Bread Processing.* Thesis adviser: Tiffany Weir, Food Science and Human Nutrition.

James Kelleher, *University Honors Scholar,* Biological Science major with Biological Science concentration, and Fish, Wildlife and Conservation Biology major with Wildlife Biology concentration, *Cum Laude*. Thesis title: *A Characterization of the Molt Cycle of the Cherry Shrimp Neocaridina davidi.* Thesis adviser: Donald Mykles, Biology.

Julia M. Kendrick, *University Honors Scholar,* Zoology major, *Cum Laude*. Thesis title: *A Negative Selectable Marker Used to Determine and Characterize Nuclear Encoded Chloroplast Regulatory Elements in Green Algae.* Thesis adviser: Graham Peers, Biology.

Samantha Key, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *The Influence of Taste on Neuronal Pathways for Learning.* Thesis adviser: James Graham, Biomedical Sciences.

Alana Kim, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *Discrimination Distance and Sour Perception After Repeated Electrotactile Stimulation*. Thesis adviser: Leslie Stone-Roy, Biomedical Sciences.

Mallory Kisner, *University Honors Scholar,* Psychology major with Clinical/Counseling Psychology concentration and Applied Statistics minor, *Magna Cum Laude*. Thesis title: *Preschool Perspectives on Empathy, Shame, and Emotion Regulation: Foundational Perspectives for Educational Prevention Programs.* Thesis adviser: Karen Barrett, Human Development and Family Studies.

Berkeley Klein, *University Honors Scholar,* Psychology major with Clinical/Counseling concentration and Spanish minor, *Magna Cum Laude*. Thesis title: *Attitudes on Aging and Their Effects on Physical Activity in Older Adults.* Thesis adviser: Manfred Diehl, Human Development and Family Studies.

Colin Kneucker, *University Honors Scholar,* Chemical and Biological Engineer major. Thesis title: *The Process Design of Making Flu Vaccines from Mammalian Cells.* Thesis adviser: Travis Bailey, Chemical and Biological Engineering.

Phalen Kohlruss-Reuman, *University Honors Scholar,* Fish, Wildlife and Conservation Biology major with Wildlife Biology concentration and Environmental Affairs minor, *Summa Cum Laude*. Thesis title: *Effects of Climate Variation on Feather Morphology in Song Sparrows (Melospiza melodia) on the Channel Islands, California.* Thesis adviser: Cameron Ghalambor, Biology.

Erin Kopal, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major. Thesis title: *Improved Tissue Debridement Process.* Thesis adviser: Ryan Bailey, Civil and Environmental Engineering.

Nathan Krumland, *University Honors Scholar,* Chemical and Biological Engineering major and Biomedical Engineering minor, *Cum Laude*. Thesis title: *Computational Fluid Dynamic (CFD) Modelling of Particle Flow and Distribution Through an Aerosol Filter Sampler.* Thesis adviser: Candace Tsai, Environmental and Radiological Sciences.

Sally Kuhn, *University Honors Scholar,* Neuroscience major with Behavioral and Cognitive Neuroscience concentration and Biomedical Sciences minor. Thesis title: *Put Your Phones Away: An Investigation into the Negative Effects of Smartphone Use on the Efficacy of Proven Learning Techniques.* Thesis adviser: Anne Cleary, Psychology.

Gabriella LaBazzo, *University Honors Scholar,* Microbiology major, *Cum Laude*. Thesis title: *Seasonal Activity and Pathogen Prevalence in Rocky Mountain Wood Ticks.* Thesis adviser: Daniel Salkeld, Biology.

Jacqueline LaBelle, *University Honors Scholar,* Environmental Engineering major with Environmental Engineering concentration. Thesis title: *Pole Hill Canal Cover Design.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Claire Francis Landwehr, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *Paging Dr. Your Name Here: A Critical Thinking Veterinary Case Study*. Thesis adviser: Jeremy Delcambre, Biomedical Sciences.

Emily G. Legatski, *University Honors Scholar,* Human Development and Family Studies major with Pre-Health Professions concentration and Business Administration minor. Thesis title: *The Relationship Between Motor Development and Visual Disengagement Abilities in Infants with Down Syndrome.* Thesis adviser: Deborah Fidler, Human Development and Family Studies.

Jordanne Lesher, *University Honors Scholar,* Microbiology major and Spanish minor. Thesis title: *Burkholderia pseudomallei Virulence in a Caenorhabditis elegans Model of Infection.* Thesis adviser: Brad Borlee, Microbiology, Immunology and Pathology.

Hayley Lewis, *University Honors Scholar,* Psychology major with Clinical/Counseling Psychology concentration, *Magna Cum Laude*. Thesis title: *Implementation of Mindfulness Programs in an Academic Setting for Treating Common Childhood Disorders: A Best Practices Model for K-12 Schools.* Thesis adviser: Lee Rosen, Psychology.

Emily Li, *University Honors Scholar,* Biomedical Sciences major, *Summa Cum Laude*. Thesis title: *The Role of Oral Health in Modern Health and Medicine: Difficulties in Establishing a Clear Link Between Preventable Periodontal Disease and Pregnancy Complications.* Thesis adviser: Jennifer McLean, Microbiology, Immunology and Pathology.

Joshua Lindell, *University Honors Scholar,* Political Science major and History major with General History concentration, *Summa Cum Laude*. Thesis title: *The Power of Hate Politics.* Thesis adviser: Pamela Vaughan Knaus, Honors Program.

Katherine Lindquist, *University Honors Scholar,* Interdisciplinary Liberal Arts major and Business Administration minor. Thesis title: *The Quarter-Life Crisis: Construction and Discourse of Career Expectations in Graduating Students.* Thesis adviser: Ziyu Long, Communication Studies.

Katie Linenberger, *University Honors Scholar,* Sociology major with General Sociology concentration and Media Studies minor, *Cum Laude*. Thesis title: *Awakenings Within a Community.* Thesis adviser: Jeni Cross, Sociology.

Tyler Loeffler, *University Honors Scholar,* Civil Engineering major. Thesis title: *State Highway 392 Bridge Replacement and Roadway Expansion.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Hannah Long, *University Honors Scholar,* Forestry major with Forest Management concentration. Thesis title: *Oaks of the Eastern United States: A Field Guide.* Thesis adviser: Robert Coleman, Forest and Rangeland Stewardship.

Nicole Machado, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *An Archaeological and Literary Examination of the Gospel of John.* Thesis adviser: Matthew Hickey, Health and Exercise Science.

Molly Ellen Madden, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration and Biomedical Sciences minor. Thesis title: *Smartphone-Measured Characteristics of Gait in Horses Used for Hippotherapy.* Thesis adviser: Brian Tracy, Health and Exercise Science.

Meghan Mahoney, *University Honors Scholar,* Fish, Wildlife and Conversation Biology major with Conservation Biology concentration. Thesis title: *Efficacy of Buccal Swabbing in Genomic Studies of Endangered Amphibians.* Thesis adviser: Chris Funk, Biology.

Gabrielle Mann, *University Honors Scholar,* Early Childhood Education major. Thesis title: *Early Childhood Education: Why Is It Important for Children to Be Curious?* Thesis adviser: Angela Lewis, School of Education.

Rylie Landers Mann, *University Honors Scholar,* Biological Science major with Biological Science concentration. Thesis title: *The Effect of Females' Mathematics Self Efficacy and Anxiety on Career and Degree Choice.* Thesis adviser: Meena Balgopal, Biology.

Samantha Martinez, *University Honors Scholar,* Business Administration major with Marketing concentration, Market Research and Data Analytics certificate and Marketing Communication and Branding certificate, *Summa Cum Laude*. Thesis title: *A Social Media Guide for Small Businesses.* Thesis adviser: Arnold Robinson, Marketing.

Naomi Mathew, *University Honors Scholar,* Biological Sciences major with Biological Sciences concentration and German minor. Thesis title: *Tracing Evolutionary Change: Temporal Genetics in a Developing Metapopulation of the Eastern Collared Lizard (Crotaphytus collaris collaris).* Thesis adviser: Jennifer Neuwald, Biology.

Valentine Matongoh, *University Honors Scholar,* Microbiology major. Thesis title: *Isolation and Characterization of M. avium and M. abscessus Glycolipids*. Thesis adviser: Delphi Chatterjee, Microbiology, Immunology and Pathology.

Matthew Maynard, *University Honors Scholar,* Chemical and Biological Engineering major and Mathematics minor, *Magna Cum Laude*. Thesis title: *A Life Cycle Assessment of Carbon Capture and Storage Using Rawhide Energy Station as a Case Study.* Thesis adviser: John Sheehan, Chemical and Biological Engineering.

Jenna McAllister, *University Honors Scholar,* Business Administration major with Human Resources Management and Organization and Innovation Management concentrations and Leadership in Organizations certificate. Thesis title: *The Impact of Cross-Cultural Travel Experiences on Career/Life Paths.* Thesis adviser: Lumina Albert, Management.

Joseph Mcloughlin, *University Honors Scholar,* Mathematics major with Mathematics Education concentration. Thesis title: *Music's Influence on Students' Mathematical Perspective.* Thesis adviser: Jess Hagman, Mathematics.

Annika Greer Mele, *University Honors Scholar,* Civil Engineering major. Thesis title: *Wasson Dam Project: Engineering Analysis and Recommendation Through Modeling and Emergency Spillway Design.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Hannah J. Mendel, *University Honors Scholar and Mechanical Engineering Honors Scholar,* Mechanical Engineering major and Business Administration minor, *Cum Laude*. Thesis title: *Optimization of Continuous Flow, Scalable, Low Energy Ultrasonic Harvesting for Microalgae.* Thesis adviser: Jason Quinn, Mechanical Engineering.

Cristian E. Mendez Arevalo, *University Honors Scholar,* Civil Engineering major. Thesis title: *Application of Interprofessional Education (IPE) in a Sustainable Engineering Project Abroad: Las Tablas, El Salvador (2018-2025).* Thesis adviser: Thomas Siller, Civil and Environmental Engineering.

Hannah Mendoza, *University Honors Scholar,* Zoology major and Mathematical Biology minor. Thesis title: *Simulating the 2001 Foot and Mouth Disease Outbreak in Argentine Cattle.* Thesis adviser: Colleen Webb, Biology.

Sage Mijares, *University Honors Scholar,* Animal Science major, *Magna Cum Laude*. Thesis title: *Comparison of Neutralizing Buffer and Sampling Sponges on Hot Beef Carcasses.* Thesis adviser: Bob Delmore, Animal Sciences.

Cole Mills, *University Honors Scholar,* Microbiology major. Thesis title: *The Synergistic Effects of Ivermectin and Deltamethrin on Anopheles gambiae Mosquitos.* Thesis adviser: Brian Foy, Microbiology, Immunology and Pathology.

Seunga Min, *University Honors Scholar,* Biological Science major with Biological Science concentration and Chemistry minor, *Magna Cum Laude*. Thesis title: *The Valuable Possessions of Successful Individuals*. Thesis adviser: Sarah Zwick-Tapley, University Honors Program.

Ryan Montagne, *University Honors Scholar,* Chemical and Biological Engineering major. Thesis title: *Portable Anaerobic Digester for Winter Exposure Relief.* Thesis adviser: John Sheehan, Chemical and Biological Engineering.

Brayan Montes-Terrazas, *University Honors Scholar,* Business Administration major with Marketing concentration, Marketing Communication and Branding certificate and Market Research and Data Analytics certificate. Thesis title: *Designing for Life: How to Create Passive Income Through Business Principles and Design Execution.* Thesis adviser: Stu Crair, Marketing.

Caroline Montgomery, *University Honors Scholar,* Biomedical Sciences major and Spanish minor. Thesis title: *Dengue Virus as an Emerging Global Health Problem.* Thesis adviser: Deborah Roess, Biomedical Sciences.

Kelsey E. Moore, *University Honors Scholar,* Human Dimensions of Natural Resources major and Global Environmental Sustainability and Environmental Affairs minors. Thesis title: *Conservation and Its Effects on Indigenous Livelihoods.* Thesis adviser: Suzanne Kent, Anthropology.

Serena S. Morales, *University Honors Scholar,* Zoology major. Thesis title: *The Correlation Between Fluke Strokes and Respiration Rate in Semi-Captive Atlantic Bottlenose Dolphins (Tursiops truncatus).* Thesis adviser: Shane Kanatous, Biology.

Michelle Moran, *University Honors Scholar,* Mathematics major with Mathematics Education concentration and German minor, *Summa Cum Laude*. Thesis title: *Analysis of a German Gymnasium Mathematics Teacher: Education, Preparation, Expectations, and Requirements.* Thesis adviser: Jess Hagman, Mathematics.

Matthew Morris, *University Honors Scholar,* Business Administration major with Marketing concentration and Marketing Communication and Branding certificate. Thesis title: *Branding for Positive Social Change: Why Millennials Care and Businesses Should Pay Attention.* Thesis adviser: Nancy Boykin, Marketing.

William Boston Morris, *University Honors Scholar,* Chemical and Biological Engineering major. Thesis title: *Capturing the Essence of Science in a Creative Exploration of Electronic Dance Music.* Thesis adviser: Andrew Knight, School of Music, Theatre and Dance.

Sienna Muniz, *University Honors Scholar,* Biochemistry major with General Biochemistry concentration and Microbiology minor. Thesis title: *Identifying the Regulatory Functions of miRNA-33 in Aedes aegypti Insecticide Resistance.* Thesis adviser: Corey Rosenberg, Biochemistry and Molecular Biology.

Emma Mutch, *University Honors Scholar,* Equine Science major, *Magna Cum Laude*. Thesis title: *Powerpoint: Cultural Subversion.* Thesis adviser: Pamela Vaughan Knaus, University Honors Program.

Hannah E. Myers, *University Honors Scholar,* Neuroscience major with Behavioral and Cognitive Neuroscience concentration. Thesis title: *Architecture Through the Eyes of Civilians: A Review of Architectural Styles that Cognitively Benefit the General Public.* Thesis adviser: Elizabeth Hobbs, Horticulture and Landscape Architecture.

Jessica Ann Myller, *University Honors Scholar,* Biomedical Sciences major and Business Administration minor. Thesis title: *A Guide to the Diseases and Vaccinations Targeting Leptospirosis, Rabies, Distemper, Adenovirus, Parainfluenza, Parvovirus, Infectious Tracheobronchitis, and Influenza in Canine Patients for Employees in the Veterinary Workplace.* Thesis adviser: Jennifer McLean, Microbiology, Immunology and Pathology.

Morgan Nance, *University Honors Scholar,* Business Administration major with Finance concentration. Thesis title: *Financial Ratios as Indicators of the 2008 Credit Crisis.* Thesis adviser: Ellen Burnes, Finance and Real Estate.

Jordan Nelson, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *Patient Observation of 3D Volumized Medical Imaging: A Virtual Reality Application for the Patient-Centered Care Model.* Thesis adviser: Tod Clapp, Biomedical Sciences.

Emily Niederbremer, *University Honors Scholar,* Ecosystem Science and Sustainability major. Thesis title: *Carbon Accounting and Analysis for the Metropolitan Area of Phoenix, Arizona.* Thesis adviser: Melissa McHale, Ecosystem Science and Sustainability.

Abby Niemer, *University Honors Scholar,* Animal Science major. Thesis title: *Chronic Wasting Disease: An Overview of the Disease and Future Impacts of Northern Tribes.* Thesis adviser: Candace Mathiason, Microbiology, Immunology and Pathology.

Walter Nieuwlandt, *University Honors Scholar,* Landscape Architecture major, *Summa Cum Laude*. Thesis title: *Drawing Destinations: A Gallery.* Thesis adviser: Bradley Goetz, Horticulture and Landscape Architecture.

Ashlyn Nolan, *University Honors Scholar,* Economics major with Legal Studies minor. Thesis title: *The Predicted Effects of Senate Bill 197 on the Craft Brewing Industry in Colorado.* Thesis adviser: Harvey Cutler, Economics.

Morgan Norbut, *University Honors Scholar,* Business Administration major with Accounting concentration and Agricultural Business minor. Thesis title: *Accounting for Sustainability: A Guide to Proper Implementation of Sustainable Practices in Farm Business Accounting.* Thesis adviser: Marshall Frasier, Agricultural and Resource Economics.

MacKenna Norris, *University Honors Scholar,* Business Administration major with Finance and Marketing concentrations, *Cum Laude*. Thesis title: *Proud to Be: How Student Engagement Within Athletics Can Create a Lasting Legacy.* Thesis adviser: D Todd Donavan, Marketing.

Delaney Norton, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration. Thesis title: *Illustrating Anatomical Structures as a Visual Study Aid for Anatomy Students.* Thesis adviser: Tod Clapp, Biomedical Sciences.

Zori Oberle, *University Honors Scholar,* Chemical and Biological Engineering major, *Cum Laude*. Thesis title: *Hepatitis B Vaccine from Recombinant Yeast*. Thesis adviser: John Sheehan, Chemical and Biological Engineering.

Madison O'Brien, *University Honors Scholar,* Psychology major with General Psychology concentration and Business Administration minor. Thesis title: *Development of a Mentor Coach Manual and Enhancing the Mentor Coach Training for Campus Connections.* Thesis adviser: Jen Krafchick, Human Development and Family Studies.

Rachel O'Brien, *University Honors Scholar,* Environmental Engineering major with Ecological Engineering concentration and Business Administration minor. Thesis title: *Seniors Without Borders: A Reflection on Creating a Water System to Improve the Lives of the Las Tablas Community.* Thesis adviser: Ryan Bailey, Civil and Environmental Engineering.

Rebecka Olivares, *University Honors Scholar,* Chemical and Biological Engineering major, *Cum Laude*. Thesis title: *Food Waste.* Thesis adviser: John Sheehan, Chemical and Biological Engineering.

Daniel Palmer, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major, *Cum Laude*. Thesis title: *Quantifying Tenocyte Migration via Transwell Analysis for Use in Rotator Cuff Tendon Repair.* Thesis adviser: Kirk McGilvray, Mechanical Engineering.

Victoria Palmer, *University Honors Scholar,* Mechanical Engineering major and Business Administration and Leadership Studies minors, Cum Laude. Thesis title: *Preliminary Readiness Evaluation for Motivating Improved Exams (PREMIE): The Impact of Early, Forgivable Assessments on Student Performance.* Thesis adviser: Kevin Lear, Electrical and Computer Engineering.

Maclean Panshin, *University Honors Scholar,* Biological Science major with Biological Science concentration, Microbiology major and Economics minor, *Magna Cum Laude*. Thesis title: *Optimal Duration of Antibiotics Following Appendectomy for Patients with Complicated Appendicitis.* Thesis adviser: Susan Deines, Microbiology, Immunology and Pathology.

Catherine Parker, *University Honors Scholar,* Biochemistry major with Health and Medical Sciences concentration. Thesis title: *The Role of Kv2.1 Induced Endoplasmic Reticulum/Plasma Membrane Junctions in Neuropeptide Release.* Thesis adviser: Michael Tamkun, Biomedical Sciences.

Tessa Parrish, *University Honors Scholar,* Zoology major, *Magna Cum Laude*. Thesis title: *Exploring the Effects of Anthropogenic Lights on Predation of Army Cutworm Moths (Euxoa auxiliaris).* Thesis adviser: Brett Seymoure, Fish, Wildlife and Conservation Biology.

Matthew Pesche, *University Honors Scholar,* Business Administration major with Finance and Accounting concentrations, *Magna Cum Laude*. Thesis title: *Stylistic Differences in Portfolio Investing.* Thesis adviser: Frank Smith II, Finance and Real Estate.

Benjamin Peterson, *University Honors Scholar,* Mathematics major with Applied Mathematics concentration. Thesis title: *The Atomic Empire.* Thesis adviser: Robert Gudmestad, History.

Danielle Petri, *University Honors Scholar,* Early Childhood Education major, *Summa Cum Laude*. Thesis title: *Multisensory Instruction: With Modifications and Enhancers for Children with Special Needs.* Thesis adviser: Angela Lewis, School of Education.

Anna Phan, *University Honors Scholar,* Natural Sciences major with Chemistry Education concentration. Thesis title: *Raciolinguistic Influence on the Model Minority Myth Through Storytelling.* Thesis adviser: Vincent Basile, School of Education.

Nina Phillips, *University Honors Scholar,* Fish, Wildlife and Conversation Biology with Conservation Biology concentration and Global Environmental Sustainability minor. Thesis title: *The Influence of Local and Landscape Habitat Variables on Wildlife Communities within Fort Collins, Colorado.* Thesis adviser: Kevin Crooks, Fish, Wildlife and Conservation Biology.

Alexander Pierce, *University Honors Scholar,* Microbiology major and Music major. Thesis title: *An Analysis of Musical Adaptations of Romeo and Juliet.* Thesis adviser: Dawn Grapes, School of Music, Theatre and Dance.

Robyn M. Pierce, *University Honors Scholar,* Microbiology major. Thesis title: *Rates of Influenza vs. Rates of Vaccination in College-Aged Students*. Thesis adviser: Susan Deines, Microbiology, Immunology and Pathology.

Alanna Pipkin, *University Honors Scholar,* Mathematics major with Mathematics Education concentration and French minor. Thesis title: *Those Who Can, Teach: An Investigation and Comparison of Instructor Responsiveness to Student Thinking.* Thesis adviser: Jess Hagman, Mathematics.

Jennifer Popp, *University Honors Scholar,* Business Administration major with Organization and Innovation Management concentration and Leadership in Organizations certificate. Thesis title: *An Optometry Clinic Business Plan*. Thesis adviser: Bill Shuster, Management.

Jakob Porter, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major. Thesis title: *Senior Design: CMKC Electrospinning and Biocompatibility Testing.* Thesis adviser: Ketul Popat, Mechanical Engineering.

Hannah Powers, *Psychology Honors Scholar,* International Studies major with European Studies concentration, Psychology major with General Psychology concentration and Political Science and Spanish minors, *Summa Cum Laude*. Thesis title: *Flashbacks, Depression, and Hiccups: Cultural Influences on Manifestation of Symptoms of Post-Traumatic Stress Disorder.* Thesis adviser: Karla Gingerich, Psychology.

Anna Pritchard, *University Honors Scholar,* Human Development and Family Studies major with Leadership and Entrepreneurial Professions concentration and Business Administration minor, *Magna Cum Laude*. Thesis title: *Fixer Upper: A Beauty Initiative Within the Catholic Church to Increase Parishioner Retention.* Thesis adviser: Pamela Vaughan Knaus, University Honors Program.

Daniel Probasco, *University Honors Scholar and Mechanical Engineering Honors Scholar,* Mechanical Engineering major. Thesis title: *The Design and Production of a Martian Robotic Miner.* Thesis adviser: John Petro, Mechanical Engineering.

Mitchell Randle, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *Mechanical Engineering Senior Design – Formula SAE Drivetrain Team.* Thesis adviser: Christopher Weinberger, Mechanical Engineering.

Christine Rayne, *University Honors Scholar,* Fish, Wildlife and Conversation Biology with Wildlife Biology concentration and Zoology minor. Thesis title: *A Game Camera Investigation of Urban Impact on Wildlife Species Presence in Fort Collins and Bobcat Ridge Natural Area.* Thesis adviser: Kevin Crooks, Fish, Wildlife and Conservation Biology.

Natasha Sara Savanna Reed, *University Honors Scholar,* Music major with Music Education concentration, *Magna Cum Laude*. Thesis title: *Documenting the Teaching Experience in the Music History I Classroom.* Thesis adviser: Dawn Grapes, School of Music, Theatre and Dance.

Jennifer Reiher, *University Honors Scholar,* Sociology major with Criminology and Criminal Justice concentration and Spanish and Legal Studies minors, *Magna Cum Laude*. Thesis title: *Mass Shootings: A Historical Phenomenon.* Thesis adviser: KuoRay Mao, Sociology.

Kayla Rhoads, *University Honors Scholar,* Health and Exercise Science major with Health Promotion concentration, *Cum Laude*. Thesis title: *Missionary Training Program: A Human Rights Approach to Human Trafficking in Thailand.* Thesis adviser: Karrin Anderson, Communication Studies.

Jamie Lyn Rickert, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration. Thesis title: *The Impact of Childhood Cancer on Siblings.* Thesis adviser: Ashley Harvey, Human Development and Family Studies.

Alexis Robert, *University Honors Scholar,* Biochemistry major with Health and Medical Sciences concentration. Thesis title: *Replication Initiation through Binding of Viral 3B to 3Dpol.* Thesis adviser: Olve Peersen, Biochemistry and Molecular Biology.

Jordan Roesch, *University Honors Scholar,* Human Development and Family Studies major Pre-Health Professions concentration, *Summa Cum Laude*. Thesis title: *Fall Safety in Long-Term Care: A Facility Specific Training Targeted at Nurse Aides.* Thesis adviser: Christine Fruhauf, Human Development and Family Studies.

Alexandra Rojas, *University Honors Scholar,* Zoology major and Japanese minor. Thesis title: *Educating Youth on Japanese Wildlife Through an Illustrated Children's Book.* Thesis adviser: Pamela Coke, English.

Trevor Ross, *University Honors Scholar,* Chemical and Biological Engineering major, *Summa Cum Laude*. Thesis title: *Physiologically Based Pharmacokinetic Modeling of the Uptake, Distribution, Metabolism and Elimination of Narcan in Humans and Rats.* Thesis adviser: Brad Reisfeld, Chemical and Biological Engineering.

Ryan Rykhus, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major. Thesis title: *CAR-T Cell Separation Enhancement.* Thesis adviser: Dave Bark, Mechanical Engineering.

Aya Safira, *University Honors Scholar,* Chemical and Biological Engineering major and Biomedical Engineering minor. Thesis title: *Localization and Persistence of Smart Microcrystals in Mosquito Tissues as a Novel Technique for Marking Mosquitos.* Thesis adviser: Rebekah Kading, Microbiology, Immunology and Pathology.

Olivia Ann Sainz, *University Honors Scholar,* Interior Architecture and Design majorand Spanish and Global Environmental Sustainability minors, *Cum Laude*. Thesis title: *The Built Environment and WELLness.* Thesis adviser: Laura Malinin, Design and Merchandising.

Demetrios Samaras, *Microbiology Honors Scholar,* Microbiology major and Mathematics minor, *Magna Cum Laude*. Thesis title: *Flavivirus NS1 Chimeras with a West Nile Virus Backbone.* Thesis adviser: Greg Ebel, Microbiology, Immunology and Pathology.

Megan Sanders, *University Honors Scholar,* Biomedical Engineering and Mechanical Engineering major. Thesis title: *Internet of Things (IoT) for Medtronic O-Arm.* Thesis adviser: Ellen Brennan-Pierce, Walter Scott, Jr. College of Engineering.

Amaia Sangroniz, *University Honors Scholar,* Nutrition and Food Science major with Dietetics and Nutrition Management concentration. Thesis title: *Community Garden Design for the Larimer County Food Bank.* Thesis adviser: Anne Marie Merline, University Honors Program.

Alec Savig, *University Honors Scholar,* Business Administration major with Finance concentration and International Business certificate. Thesis title: *Double Exposures: An Exploration of Faith Through Photography.* Thesis adviser: Pamela Vaughan Knaus, University Honors Program.

Jakob Schick, *University Honors Scholar,* Mathematics major with Actuarial Science concentration and Music major with Performance concentration. Thesis title: *An Analysis and Performance of Selected Organ Works.* Thesis adviser: Joel Bacon, School of Music, Theatre and Dance.

Jonathan Schlagel, *University Honors Scholar,* Mechanical Engineering major and International Development minor. Thesis title: *Senior Design: Powerhouse Geothermal Heat Pump Analysis.* Thesis adviser: John Petro, Mechanical Engineering.

Richard W. Schleusener, *University Honors Scholar,* Mechanical Engineering major, *Cum Laude*. Thesis title: *Development and Redesign of a Vacuum Chamber for Low Atmospheric Pressure Stunning.* Thesis adviser: Wade Troxell, Mechanical Engineering.

Jacob Schwarz, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *DSE Workholding System.* Thesis adviser: Steven Schaeffer, Mechanical Engineering.

Elizabeth Rose Schweinzger, *University Honors Scholar,* Biological Science major with Biological Science concentration. Thesis title: *Affective Reactivity, Coping, and Mental Arithmetic Task Performance Among Undergraduate Students.* Thesis adviser: Gloria Luong, Human Development and Family Studies.

Lauren Scott, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *An Updated Review on Equine Neonatal Maladjustment Syndrome.* Thesis adviser: Yvette Nout-Lomas, Clinical Sciences.

Jocelyn Selan, *University Honors Scholar,* Biochemistry major with Health and Medical Sciences concentration and Languages, Literatures and Cultures major with Spanish concentration, *Cum Laude*. Thesis title: *Factor Dependent Transcription Termination: In Vivo Structural and Functional Analysis of FttA.* Thesis adviser: Tom Santangelo, Biochemistry and Molecular Biology.

Cienna Semsak, *University Honors Scholar,* Zoology major and Spanish minor. Thesis title: *Paper vs Plastic: A Battle for the Environment.* Thesis adviser: Pamela Vaughan Knaus, University Honors Program.

John Wisdom S. Senolos, *University Honors Scholar,* Business Administration with Information Systems concentration and Chinese minor. Thesis title: *Fort Collins Local Events App.* Thesis adviser: Ramadan Abdunabi, Computer Information Systems.

Joanna Shad, *University Honors Scholar,* Biomedical Sciences major. Thesis title: *Biomedical Outreach Workshop for High School Students.* Thesis adviser: Carolyn Meyer, Biomedical Sciences.

London Shafer, *University Honors Scholar,* Biomedical Sciences major and Spanish minor, *Cum Laude*. Thesis title: *Hashtags and Health: Using Social Media to Increase Immunization Education.* Thesis adviser: Jennifer McLean, Microbiology, Immunology and Pathology.

Joseph Sinclair, *University Honors Scholar,* Environmental Engineering major with Environmental Engineering concentration, *Cum Laude*. Thesis title: *Mitigating Climate Change Impacts on Military Mission Readiness at Langley Air Force Base.* Thesis adviser: Kenneth Carlson, Civil and Environmental Engineering.

Bailey Sniffin, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration. Thesis title: *Chair Rising Power: Validation of the Smartphone-Instrumented 5x Sit-to-Stand Test.* Thesis adviser: Brian Tracy, Health and Exercise Science.

Scott Sorensen, *University Honors Scholar,* Biological Science major with Biological Science concentration, *Summa Cum Laude*. Thesis title: *The Effects of Green Light Absorbing Chloride Conducting Channelrhodopsin in Drosophila Melanogaster.* Thesis adviser: Susan Tsunoda, Biomedical Sciences.

Karl Spoerl, *University Honors Scholar,* Electrical Engineering major with Electrical Engineering concentration. Thesis title: *Development of an Extreme Ultraviolet Laser Beam.* Thesis adviser: Carmen Menoni, Electrical and Computer Engineering.

Wyatt Spresser, *University Honors Scholar,* Biomedical Sciences major, Cum Laude. Thesis title: *Grant Proposal for Inhibition of Viridians Group Streptococci Virulence Factors and its Impact on Periodontitis-Related Infective Endocarditis.* Thesis adviser: Jennifer McLean, Microbiology, Immunology and Pathology.

Bryan Stanley, *University Honors Scholar,* Physics major with Physics concentration, Mathematics minor and Statistics minor. Thesis title: *The Impact of Brief, Informal Inquiry-Based, Hands-On Learning on Science Self-Efficacy of Middle School Students.* Thesis adviser: Brian Jones, Physics.

Marion Steiblen, *University Honors Scholar,* Equine Science major and Business Administration minor. Thesis title: *Case Study at Hagyard Equine Medical Institute.* Thesis adviser: Christianne Magee, Biomedical Sciences.

Kiaran Stewart, *University Honors Scholar,* Business Administration major with Marketing and Organization and Innovation Management concentrations and Entrepreneurship certificate, *Magna Cum Laude*. Thesis title: *Business Brief for Skills Education Platform.* Thesis adviser: Dawn DeTienne, Management.

Michael Stinnett, *University Honors Scholar,* Biomedical Sciences major, *Magna Cum Laude*. Thesis title: *Be Prepared: An Analysis of Philmont Scout Ranch as a Model for Practicing Wilderness Medicine.* Thesis adviser: Mark Brown, Clinical Sciences.

Jennifer Sturman, *University Honors Scholar,* International Studies major with Latin American Studies concentration and Spanish minor. Thesis title: *The Politics of Humanity: A Comparison of Indigenous Rights in Chile and Bolivia.* Thesis adviser: Roe Bubar, Ethnic Studies.

Kristin Sutherland, *University Honors Scholar,* Social Work major and Anthropology major with Cultural Anthropology concentration, *Cum Laude*. Thesis title: *A Woman's Role in an Imagined World: An Ethnographic Approach to the Culture of Gaming and the Perceived Differences in the Experiences Between Genders.* Thesis adviser: Jeffrey Snodgrass, Anthropology.

Madeleine Swall, *University Honors Scholar,* Biological Science major with Biological Science concentration and Conservation Biology minor. Thesis title: *Characterization of Shed Genes in the Molting Gland (Y Organ) of the Land Crab, Gecarcinus lateralis.* Thesis adviser: Donald Mykles, Biology.

Jordan Tarbutton, *University Honors Scholar,* Biomedical Sciences, *Cum Laude*. Thesis title: *How Claw Zones in Dairy Cattle Relate to the Diagnosis and Treatment of Foot Disease and Lameness.* Thesis adviser: Christianne Magee, Biomedical Sciences.

Zoe Tauxe, *University Honors Scholar,* Psychology major with Mind, Brain and Behavior concentration, *Summa Cum Laude*. Thesis title: *Hemispheric Asymmetry of Emotion Processing: A Functional Near-Infrared Spectroscopy Study.* Thesis adviser: Kevin Jones, Psychology.

Sierra Nicole Thompkins, *University Honors Scholar,* Psychology major with Clinical/Counseling Psychology concentration, *Summa Cum Laude*. Thesis title: *Burnout in the Counseling Profession: An Examination of Risk Factors and Preventative Strategies.* Thesis adviser: Gwen Fisher, Psychology.

Andrea Grace Thorpe, *University Honors Scholar,* Microbiology major and Spanish minor, *Cum Laude*. Thesis title: *Attachment of Endothelial Progenitor Cells on Polycaprolactone Nanowires.* Thesis adviser: Ketul Popat, Mechanical Engineering.

Thomas Charles Tilley, *University Honors Scholar,* Mechanical Engineering major. Thesis title: *MIBA Frictec Senior Design Project.* Thesis adviser: Tad Wegner, Mechanical Engineering.

Nicole Towne, *University Honors Scholar,* Journalism and Media Communications major and English and Women's Studies minors, *Cum Laude*. Thesis title: *Three Generations Back: A Creative Writing Ancestry Exploration.* Thesis adviser: Harrison Fletcher, English.

Alexander Undy, *University Honors Scholar,* Computer Science major with Computer Science concentration and Mathematics minor. Thesis title: *Boolean Function Rendering Engine.* Thesis adviser: Ross Beveridge, Computer Science.

Cassandra Ungerman, *University Honors Scholar,* Civil Engineering major and French minor. Thesis title: *Crossroads of Safety.* Thesis adviser: Christopher Thornton, Civil and Environmental Engineering.

Tarah Vijayasarathy, *University Honors Scholar,* Biomedical Sciences major and Chemistry and Mathematics minors, *Cum Laude*. Thesis title: *Investigation of the Effect of Small RNA Methylation on piRNA Function and RNAi Inheritance in C.* elegans. Thesis adviser: Tai Montgomery, Biology.

Jacob Walker, *University Honors Scholar,* Computer Science major with Computer Science concentration. Thesis title: *The Art of Hacking: From N00B to 1337 HAX0R.* Thesis adviser: Joe Gersch, Computer Science.

Lauren Beatrice Walley, *University Honors Scholar,* Equine Science major and Business Administration minor, *Magna Cum Laude*. Thesis title: *Example Riding Lesson Program.* Thesis adviser: Tiare Santistevan, Animal Sciences.

Jacob Scott Walter, *University Honors Scholar,* Agricultural Education with Teacher Development concentration. Thesis title: *Re-Thinking Mental Health.* Thesis adviser: Nathan Clark, Agricultural and Resource Economics.

Mitchell Ward, *University Honors Scholar,* Business Administration major with Accounting and Finance concentrations, *Magna Cum Laude*. Thesis title: *Real Estate Development Analysis and Proposal.* Thesis adviser: Hilla Skiba, Finance and Real Estate.

Natalie Wasserman, *University Honors Scholar,* Business Administration major with Marketing, and Organization and Innovation Management concentrations, Leadership in Organizations, Marketing Communication and Branding, and International Business certificates, *Cum Laude*. Thesis title: *Successful Marketing Practices for Travel Agencies.* Thesis adviser: Nancy Boykin, Marketing.

Amanda Waters, *University Honors Scholar,* Business Administration with Finance and Information Systems concentrations. Thesis title: *The Best Entrepreneurial Tool: A Website.* Thesis adviser: Leo Vijayasarathy, Computer Information Systems.

Conner Weeth, *University Honors Scholar,* Biomedical Sciences major and Business Administration minor. Thesis title: *Personal Motivation for Recovery.* Thesis adviser: Pam Lundeberg, Psychology.

Haomiao Wei, *University Honors Scholar,* Microbiology major and Business Administration minor, *Cum Laude*. Thesis title: *In Situ Detection of Antigen-Specific T Cell Responses Using Tetramer Staining.* Thesis adviser: Brendan Podell, Microbiology, Immunology and Pathology.

Sarah Ashlee Wetzel, *University Honors Scholar,* Biological Science major with Biological Science concentration. Thesis title: *The Health Benefits and Detriments of Sports Drinks.* Thesis adviser: Mary Harris, Food Science and Human Nutrition.

Luke Whitcomb, *University Honors Scholar,* Health and Exercise Science major with Sports Medicine concentration and Biomedical Sciences minor, *Cum Laude*. Thesis title: *Family Practice Physician Residential Curriculum: A Three Lecture Series on the Clinical Applications of Exercise Science.* Thesis adviser: Ryan Donovan, Health and Exercise Science.

Brytani LaDawn White, *University Honors Scholar,* Biological Science major with Biological Science concentration and Spanish minor, *Magna Cum Laude*. Thesis title: *A Bilingual Children's Book – Exploring Medicine.* Thesis adviser: Jennifer McLean, Microbiology, Immunology and Pathology.

Adam Wilson, *University Honors Scholar,* Chemistry major with Non-ACS Certified concentration and Botany minor. Thesis title: *The Cannabis Industry's Current Chemical Analysis Practices and New Methods for Refinement and Improvement.* Thesis adviser: Joseph DiVerdi, Chemistry.

Lucas Keoni Wilson, *University Honors Scholar,* Mathematics major and Computer Science major with Computer Science concentration. Thesis title: *Time Series Forecasting of Chaotic Dynamical Systems.* Thesis adviser: Chuck Anderson, Computer Science.

Kathryn Ann Wright, *University Honors Scholar,* Neuroscience major with Cell and Molecular Neuroscience concentration and Biomedical Sciences minor. Thesis title: *Juvenile Manganese Exposure Exacerbates Neurodegeneration in a MPTP "Two-Hit" Animal Model and is Dependent on Astrocyte-Derived NF-kB Activation.* Thesis adviser: Ron Tjalkens, Environmental and Radiological Health Sciences.

Yufeng Xia, *University Honors Scholar,* English major with Language concentration, *Cum Laude*. Thesis title: *Teaching English Pronunciation to Chinese EFL (English as a Foreign Language) Learners: Challenges and Overview of Available Resources and Tools.* Thesis adviser: T Nekrasova Beker, English.

Alexandria Zaobidny, *University Honors Scholar,* Psychology major with Clinical/Counseling Psychology concentration. Thesis title: *Preventing Mass Shootings Through Socialization Strategies.* Thesis adviser: Dan Graham, Psychology.

Meghan Zehnder, *University Honors Scholar,* Sociology major with General Sociology concentration and Business Administration major with Organization and Innovation Management concentration, and International Business and Managing Human Resource certificates, *Cum Laude*. Thesis title: *Ethical and Environmental Challenges of Business on a Global Scale.* Thesis adviser: Lumina Albert, Management.

Lan Zhou, *University Honors Scholar,* Business Administration major with Financial Planning concentration. Thesis title: *Due Diligence Report of a Business Strategy Consulting on Tesla.* Thesis adviser: Ellen Burnes, Finance and Real Estate.

Rebecca Zimmerle, *University Honors Scholar,* Biochemistry major with General Biochemistry concentration. Thesis title: *Defining the Enzymology of RNA Cytosine Methylation in Thermococcus kodakarensis.* Thesis adviser: Tom Santangelo, Biochemistry and Molecular Biology.

Jesse Zuniga, *University Honors Scholar,* Computer Science major with Computer Science concentration and Mathematics minor. Thesis title: *Reinforcement Learning for Reversi.* Thesis adviser: Pamela Vaughan Knaus, University Honors Program.

Candidates for Baccalaureate Degrees Awarded With Distinction
Summer 2019

Summa cum laude designates approximately the top one percent of graduates in each college.
Magna cum laude designates approximately the next three percent of graduates in each college.
Cum laude designates approximately the next six percent of graduates in each college.

The actual number of students is dependent on the number who meet the published minimum grade-point average by college.

Board of Governors of the Colorado State University System Excellence in Undergraduate Teaching Award, 2018-2019

Dr. Aaron Sholders, Department of Biochemistry and Molecular Biology

Dr. Aaron Sholders began as a full-time instructor for the Department of Biochemistry and Molecular Biology (BMB) in 2006 when the undergraduate program was much smaller than today. During Dr. Sholders' first two years, he was the only full-time instructor as well as primary advisor for undergraduate students. He received a Senior Teaching Appointment in 2012.

A former recipient of the Jack E. Cermak Advising Award, the College of Natural Science Faculty Excellence in Undergraduate Teaching Award, and the N. Preston Davis Award for Instructional Innovation, he is known for his innovative teaching and rigorous standards. Dr. Sholders is also a mentor to other faculty and an outstanding advisor to undergraduate students.

A teacher with enormous impact on students, whether they are majors in Biochemistry and Molecular Biology or not, Dr. Sholders skillfully organizes content and employs "inquiry-based" presentations that engage students in making predictions. A student stated that "he taught me and my classmates how to search for the reasoning behind every correct answer and fueled an excitement in me for the … nature of biochemistry." Dr. Sholders uses contemporary technology to provide interactive participation and the structure of his assignments allows students to be engaged in group hands-on projects. Department Chair, Laurie Stargell states, "He is one of those rare individuals who both connects with and inspires students in his classroom." Even in a large class of 200 students, he strives to connect with the learners, sharing about himself so that he can build relationships. To address students' diverse backgrounds and approaches to learning, he employs a variety of resources and uses questions to prompt analysis of individual thinking processes. A student attests that "Aaron Sholders cares about his students and their success, gives students the educational foundation they need in his courses, challenges his students to rise up to their potential, and engages students to take their learning to a higher level."

His pedagogical techniques and inquiry-based labs are being implemented by other faculty members and Graduate Teaching Assistants. Dr. Sholders also conducts peer evaluations that are used in promotion, tenure, and annual review processes, and he leads a team in the development of a "Concept Learning Inventory" to objectively measure improvements of student learning.

Dr. Aaron Solders has proven to be an innovative teacher, a colleague who is encouraging instructional growth in his division, and a significant, positive influence on students. For all these reasons, he merits the distinction of being named a Board of Governors Excellence in Undergraduate Teaching award recipient.

University Distinguished Teaching Scholar, 2018-2019

Dan Beachy-Quick, Department of English

Professor Beachy-Quick ranks among the most outstanding teachers and educators in the College of Liberal Arts and, indeed, on the CSU campus. He is already a campus leader in conservations revolving around the core purposes of learning.

One of only three CLA faculty to receive the CSU Monfort Professorship, Professor Beachy-Quick is an astonishingly productive scholar. His diverse and creative scholarship has earned him an impressive array of accolades on campus and beyond. A Guggenheim Fellow, Professor Beachy-Quick has been awarded a Creative Arts Fellowship at Harvard, invitations to present the celebrated Wittreich Lecture (University of Louisville), and residencies and visiting positions too numerous to list in this short space.

Professor Beachy-Quick is an exceptional teacher who is dedicated to his students and his profession. His record shows an impressive variety of undergraduate and graduate courses; the evidence for quality of instruction is extraordinarily high – including some of the highest student ratings in a department known for outstanding instruction. He has an impressive and in many ways unparalleled record of curricular innovation through creation of new courses, new programs, and service to the department.

However, what really sets Professor Beachy-Quick apart is that he is an incomparable proponent for the core values of the University, what he calls the "serious play" that lurks at the roots of our intellectual lives. A poet by profession, he possesses the ability to translate the prose of everyday academic pursuits into a higher, more measured, and reveling language. As testimonies from students make evident, he is at the same time visionary and practical, rigorous and beloved. As only a distinguished teacher can, he is able through his personal example to challenge us all to think more deeply, extend our expectations, and consider the wider horizons.

In a time when education is increasingly quantified, and excellence is measured by the number of degrees awarded and the level of graduates' starting salaries, we need a vision of our shared, deeper purpose. The selection of Professor Beachy-Quick as a UDTS will provide a model and the leadership necessary for this kind of discussion at this critical time in the history of this institution and higher education.

The scholarship of a poet is not only in writing about teaching, although that is an important part of Professor Beachy-Quick's vision of the porous boundaries between teaching and scholarship. Scholars in creative writing create original works, comment on the works of others, and create new knowledge in their field. Professor Beachy-Quick is renowned for his poetry but has also published journal articles on the pedagogy of teaching.

In this day and age, some might question the value of poetry, and hence the value of bestowing an honor such as University Distinguished Teaching Scholar, on a professor of poetry. In Dan's own words, "Poetry's value lays within that admission of the mind's defeat. It also places those of us approaching poetry in a position that requires the kind of work that is life-changing because it is so life-affirming. The poem on the page, and the poem not yet written, offer themselves as a profound experiment of what it is, word by word and line by line, to try and make a meaningful life within a world in which confusion abounds. The poem doesn't solve the crisis, doesn't exactly console us in our confusions, but offers that rare light in which the complexity of the problem can be seen, and once seen, spoken. I've come to think, when John Keats wrote that poetry is 'a friend to man,' he means it in just such light. The poem doesn't teach us how to solve the problems of life, doesn't give us wisdom, doesn't rescue us from our plight, but accompanies us into the same, and leaves us, as does a friend, less alone in the very fact of our lives – that fact that each of us is living it."

Jack E. Cermak
Outstanding Advising Awards, 2018-2019

Juan "Lucas" Argueso, Department of Environmental & Radiological Health Sciences

Dr. Juan "Lucas" Argueso joined the Colorado State University faculty in 2010, is now an Associate Professor of Environmental and Radiological Health Sciences, and has served as a Graduate Advisor for 12 years. He received Honorable Mention for the 2015 Graduate Student Council Advising Award and served as a founding faculty in the Graduate Center Inclusive Mentoring program at CSU. He was also accepted in the Mentor Training Workshop by the Center for the Improvement of Mentored Experiences in Research.

Dr. Argueso is sought out by students because of his reputation for excellent advising and support to students even after they graduate. Dr. Argueso guides his graduate mentees beyond research to career planning from the point of entry. He is devoted to the success of his mentees, welcomes diverse and inclusive researchers, and recognizes that each student in his class or laboratory has unique goals, aspirations, and background. A colleague notes that he is "highly regarded by CSU faculty, students, and scientific peers nationally for his creativity, leadership, mentoring skills, and work ethic."

Meena Balgopal, Department of Biology

Dr. Meena Balgopal joined Colorado State University in 2008 as a specialist in science education. Now an Associate Professor of Biology, she demonstrates exemplary collaboration and connection to both on-campus as well as off-campus units. Dr. Balgopal advises students campus-wide who have an interest in being science educators, those considering career change and post-baccalaureate science (B.S.) teaching pathways, and serves as a thesis advisor. In addition to excellence in undergraduate advising, she is engaged with the Graduate Center for Inclusive Mentoring, reflecting the scope of her engagement and support of the advising/mentoring mission.

Dr. Balgopal has created impact beyond teaching through her support for hundreds of students. A colleague notes that she is "an invaluable and esteemed member of the biology faculty" and observes that her dedication to students extends to her advising and mentoring role. She utilizes her research grants to build mentoring programs for CSU students who are interested in teaching science.

Jill Putman, Department of Geosciences

Ms. Jill Putman joined Colorado State University's Academic Advancement Center in 2011 and moved to the Warner College of Natural Sciences in 2014. Ms. Putman provides excellent advising and support for students, as well as college, campus, and national leadership. She received the Warner College of Natural Resources Outstanding Administrative Staff Award in 2018, and was selected for National Academic Advising Association Emerging Leaders Program for 2018-2020.

An advisee comments that, "I have never met an advisor, in high school or college, more committed to making sure every student has a successful path than Jill." She works with diverse students who are struggling academically, financially, and facing personal challenges. She provides resources across campus and advocates for them to receive access for additional support, if needed. She empathetically advises students, participates in campus committees, and engages with other staff and the faculty to advance student success.

Toni-Lee A. Viney, Department of Mechanical Engineering

Ms. Toni-Lee Viney joined Colorado State University in 2006 in the College of Liberal Arts, moved to the College of Business, and is now in the Department of Mechanical Engineering. She has received many awards for her work with students, including most recently the Outstanding Service to Students Award in 2018.

Ms. Viney brings compassion, resources, and strong knowledge of the University's policies, procedures, and systems to her work with students. A student commented that, "she brings with her to student appointments a strong sense of support, understanding, and interest in the student's wellbeing within and outside of the academic environment."

Ms. Viney manages the Mechanical Engineering advising program and developed its Student Ambassadors (MESA) group of paid peer advisors that are always on call to help. As a CSU alum, she embraces the "Principles of Community" and idea that "Rams take care of Rams" as central to her work with students and colleagues.

Oliver P. Pennock
Distinguished Service Awards, 2018-2019

The Oliver P. Pennock Distinguished Service Awards recognize meritorious and outstanding achievement over a five-year period by full-time members of the academic faculty and administrative professionals. The award program was established as a tribute to Professor Pennock, who served as a Distinguished Professor of Civil Engineering in the 1920s. The Pennock award's primary function is to recognize professors and teachers who excel in imparting knowledge and wisdom to students. Knowledge and wisdom include not only the data and information contained in a particular subject or course but also may include advice and suggestions as to how to live happily and productively as a well-rounded individual.

Dr. Zinta Byrne, Department of Psychology

Dr. Zinta Byrne earned her B.S. in Computer Sciences (with a second major in Mathematics) from California State University in 1986. She earned both her Master's (1999) and her Ph.D. (2001) in Industrial and Organizational (I/O) Psychology from Colorado State University. In 2002, she became a tenure track Assistant Professor of I/O Psychology. In 2008, she was promoted and tenured to Associate Professor, and promoted to Professor in 2014. In addition to her years in academia, Byrne had spent 16 years in the private sector.

During her academic career, Dr. Byrne has actively supported CSU's mission, going above and beyond typical service expectations of her job. For example, she has mentored more than 50 undergraduate students, chaired and graduated 16 Master's students and 15 Ph.D. students, and served as a committee member in 17 students' theses and dissertations. Dr. Byrne is co-principal investigator on two grants funded by the National Science Foundation totaling more than 2.8 million dollars.

Dr. Byrne served on the Faculty Council as both the College of Natural Sciences' (CNS) member-at-large representative – where she initiated the practice of sending minutes to faculty, years before FC made the practice standard – and then as the Psychology Department representative.

Overall, her service to CSU is impressive. Dr. Byrne has continuously worked towards the greater good for the entire CSU community. For instance, Dr. Byrne served on a four-member Tuition Distribution Committee, which led the development of recommendations to the Provost for distributing differential tuition equitably.

VP for Diversity, Mary Ontiveros, solicited Dr. Byrne's expertise in survey design on the first CSU climate survey, ensuring its utility.

Due to her outstanding service in these university efforts, Executive VP Provost Rick Miranda appointed Dr. Byrne to lead the "course evaluation" overhaul initiative at CSU. Over the last three years, her research and hands-on technical involvement has resulted in a new online platform for course evaluations, which she coined the LENS. Her efforts to develop the LENS involved hours of focus groups, one-on-one interviews across the entire University, comprehensive literature review, review of course evaluation systems at other universities, vendor selection and development, extensive testing, and several years of interactions with Faculty Council, ASCSU, and other stakeholders. Dr. Pat Burns, VP for IT: "Professor Byrne is the intellectual leader to ensure for the first time ever that the questions for student course feedback are valid from a scientific basis – this is extremely significant to improving our learning and teaching at CSU."

The growing national impact of Dr. Byrne's work on the LENS is evidenced by the fact that colleagues at the University of California-Berkeley and Boston University have sought permission to utilize several of Dr. Byrne's questions and learn from her research and design efforts.

Dr. Byrne firmly supports CSU's outreach and commitment to advancing the community through her work with the "ASCEND: Elevating Organizations" program, which promotes collaboration between higher education, private corporations, nonprofit, and government units. Beth Sowder, Director of the City of Fort Collins Social Sustainability offered, "Dr. Byrne has been a tremendous asset to the City ensuring that we are asking the right questions in our surveys of the community. She has helped us frame conversations so that we are getting the information we need to make useful policy decisions, ensuring that we are properly using resources and engaging our residents in a meaningful way."

Recognizing her leadership and contributions to improving CSU, President Frank appointed Dr. Byrne as a member to the President's Commission on Women and Gender Equity. Her service to the President's Office contributed directly and significantly to his establishing the President's Council on University Culture.

Mary Ontiveros, Vice President for Diversity

During her tenure as Vice President for Diversity at Colorado State University, Mary has led and served on countless committees, engaged in a staggering amount of service, and accomplished lofty goals for the University and the Northern Colorado community.

Some of her key accomplishments are:

- She chairs the President's Commission on Diversity and Inclusion. As part of this role, she and her team work towards learning about and eliminating the challenges and obstacles to inclusion faced by members of our community.
- Mary was influential in developing and defining the Principles of Community at Colorado State University. The five principles – Inclusion, Integrity, Respect, Service, and Social Justice – are guiding principles for CSU.
- She is the founder and President of the Colorado chapter of the National Association of Diversity Officers in Higher Education (CoADOHE). She founded this chapter with the objective of transforming all the higher education institutions in Colorado and leading them toward inclusive excellence.
- She serves as the Chair of the Committee for Creating an Inclusive Physical and Virtual Campus. In this role, she led initiatives to develop the institutional policy calling for changes toward all gender restrooms and comfortable and private lactation spaces for nursing mothers.
- Mary is a member of additional committees and task forces too numerous to list, dealing with diversity, bias, student success, the community for excellence, equity, and other important issues.

Mary Ontiveros' legacy garners abundant enthusiasm and respect. "Mary generously shares her time and stories of her own experiences. She has been a willing confidant and encourager. I have watched with admiration as she has welcomed new, younger women leaders into her office, and I know that they will benefit from her years of experience, gracious spirit, and hard won wisdom. I deeply value Mary Ontiveros as a colleague, friend, and mentor." Kelly Long, Vice Provost for Undergraduate Affairs

"After many years of being part of the CSU campus community, Mary Ontiveros is literally a living embodiment of our institutional history, memory, progress, and change. In fact, she's been involved in a vast amount of the efforts that have strived to make CSU great for many years, oftentimes as the one spearheading the way …" Cori Wong, Assistant Vice President for Gender Equity at Colorado State University

"It is my pleasure and honor to recommend Mary Ontiveros for this award. I have worked with Mary for over thirty years. She is a tireless advocate for the University. I consider her a valued colleague, mentor, and friend. Over the course of 45 years, there is a long list of contributions that Mary has made to CSU and to the larger Fort Collins and Colorado communities. There is no question that Mary cared deeply about CSU from her early years as a student, and as a professional and Director of Admissions. Now as the Vice President for Diversity, she has provided great leadership and mentorship to faculty, staff, students, and administrators at CSU. I am fortunate to be able to continue to learn more from her every day. She is a strategic leader that leads with her head and heart, a problem solver, a creative thinker, and a collaborator. She builds strong relationships and creates a sense of vision, purpose, and direction for the University. She is respected by members of the University and is a wonderful person to work with and for. I cannot imagine Colorado State University without her. She will leave a legacy that has made Colorado State a greater university." Dr. Blanche Hughes, Vice President of Student Affairs

Overall, Mary has been a truly remarkable and transformational member of the university community. Her outstanding leadership and tireless service have helped Colorado State University be the outstanding institution it is today.

Jorge A. Ramirez, Department of Civil and Environmental Engineering

Over nearly three decades of service to the University, Professor of Civil and Environmental Engineering Dr. Ramirez has led numerous research, education, and training efforts to establish CSU as a leader in water science and technology. His academic scholarship has substantially expanded the University's research reputation in the fields of hydrology, hydrometeorology, and water resources planning and management, benefitting not only CSU students and his fellow faculty members, but also the profession as a whole. Dr. Ramirez has an extended record of significant contributions to curriculum and education program development, execution and management of interdisciplinary research and training programs, and development and administration of internationally recognized academic events. In addition to the leadership, mentoring, and global recognition he has brought to CSU, Dr. Ramirez also has a history of active participation in broadening the reach of the University through engagement and collaboration with outside partners. Furthermore, Dr. Ramirez works cooperatively across disciplines and colleges to enhance and expand interdisciplinary approaches to complex research questions.

The following testimonies provide a few examples of his tremendous and widespread contributions over his continued service to the University:

Dr. Charles Shackelford, CEE Department Head: Since his original appointment at CSU in 1990 as a tenure-track Assistant Professor in the Department of Civil and Environmental Engineering, Professor Ramirez has exhibited extraordinary leadership that has brought distinction to CSU, particularly in terms of the University's outstanding national and international reputation in water. Since 1990, Dr. Ramirez has served as the organizer of the internationally recognized annual Hydrology Days, which brings world-renowned experts to

the CSU campus each spring. He also served as the Director of the National Science Foundation funded Integrated Water, Atmosphere, Ecosystems Education and Research (I-Water) program at CSU, a unique interdisciplinary program for educating the next generation of Ph.D. students in water.

Dr. Neil Grigg, CEE Professor: From close observation over nearly 30 years, I have seen Jorge's exemplary service qualities that align directly with CSU's core mission. He has taken on one service project after another, always beyond the call of duty and without calling attention to himself. For example, he readily agreed to run a Research Experiences for Undergraduates program, and did it several times without compensation. Through the NSF REU program, Professor Ramirez has directed programs that have brought more than 130 undergraduate students to CSU to study water research over the course of 11 summers. In addition, he contributed substantively to the development and execution of our distance education program, without thought to the added work.

Dr. Jose Salas, CEE Professor Emeritus: Dr. Ramirez's research activities and contributions have advanced the fields of hydrology, hydrometeorology, and water resource planning and management. They include areas such as global scale hydrology and climate change, vulnerability analysis of water resource systems, soil moisture and vegetation interactions, and land surface and atmosphere interactions. Considerable portions of Dr. Ramirez's research in these areas have been developed and applied to better understanding the variability of water resources in semiarid and arid regions, as well as improving the ensuing planning and management decisions of water resource systems.

Dr. Reagan Waskom, CSU Water Center: As the Chair of the CSU Water Center, what I have most valued about Jorge is his willingness to work across Departmental and College lines at CSU to unselfishly collaborate and contribute to interdisciplinary efforts. Jorge has served as an outstanding member of the CSU Water Center Executive Committee, guiding and contributing to water programs across our campus.

In conclusion, Dr. Ramirez has a longstanding career of creative scholarship, progressive teaching and mentoring approaches, and important research on our most precious resource: water.

Anthony Rappé, Department of Chemistry

Over his long career at CSU, Professor Rappé has contributed significantly in research, service, and teaching. Key threads connecting his contributions are a long and broad vision, a willingness to do the hard thing instead of the fast thing, and tenacity and patience to make that vision a reality. He has had a hand in bringing to fruition several major improvements in this University.

From a research perspective, Dr. Rappé has worked his entire career on challenging problems in computational chemistry that contribute to our ability to understand biochemical interactions, catalysis, magnetism, and photochemistry. He works in areas where you cannot observe key structures and intermediates experimentally, but these significantly impact physical properties or reactivity. He has consulted with key players in the petrochemical and polymer industrial community, but also has maintained longstanding collaborations in basic science. Solutions to Tony's research problems develop slowly – deep understanding takes time – but prove to be significant, as evidenced by the number of citations of his work. His most cited paper – not a review, but original work involving a CSU undergraduate – took nearly ten years to complete. This paper has been cited more than 6,300 times, which is nearly three times the citations of the second most cited paper from the Chemistry Department!

In addition to high impact research, Rappé served as Chemistry Department Chair from 2003 to 2009. During this time, the Chemistry Department hired seven faculty members. Working with the CNS Dean, he developed the program project plan for the Synthetic Addition to the Chemistry Building, which was approved by legislature in 2007. The building was occupied starting fall 2017. During Tony's tenure as Chair, the number of undergraduate majors increased from an historic average of 90 to 160 and the number of graduate students increased from an historic average of 120 to 150.

In addition to his successful service as Department Chair, Rappé has had other significant service contributions that have benefited the University at large. His dedicated service promoting broad university initiatives includes: membership on the President's Sustainability Commission, interim Director of the Clean Energy Supercluster, membership on the High Performance Computing Committee, and membership on the Information Science and Technology Center Management and Allocations committee. Service on any one of these influential committees would constitute exceptional service by any faculty member.

With support from his EPA/NSF grant, the department, and CNS, Rappé expanded the CHEM 103 material into a teaching-teachers-sustainable-chemistry course. Several northern Colorado high school teachers had the opportunity to take this course in the summer of 2016. This topic is often devoid of real scientific input, and this was a unique opportunity to provide a scientific basis.

Since 2015, Rappé has been a leader in an effort to re-envision the Chemistry major curriculum. He currently heads the implementation process (six new foundational courses including new labs and significant revisions to the advanced curriculum), and is developing the new one-semester accelerated majors' general chemistry course. None of our peer Chemistry Departments in the mid-America region have implemented this type of overhaul to their curriculums.

In sum, Dr. Rappé is a builder of ideas, people, and infrastructure, and is demonstrating outstanding achievement in the exercise of the individual's responsibilities to the University.

Principles of Community

The Principles of Community support the Colorado State University mission and vision of access, research, teaching, service and engagement. A collaborative and vibrant community is a foundation for learning, critical inquiry, and discovery. Therefore, each member of the CSU community has a responsibility to uphold these principles when engaging with one another and acting on behalf of the University.

Inclusion: We create and nurture inclusive environments and welcome, value and affirm all members of our community, including their various identities, skills, ideas, talents and contributions.

Integrity: We are accountable for our actions and will act ethically and honestly in all our interactions.

Respect: We honor the inherent dignity of all people within an environment where we are committed to freedom of expression, critical discourse, and the advancement of knowledge.

Service: We are responsible, individually and collectively, to give of our time, talents, and resources to promote the well-being of each other and the development of our local, regional, and global communities.

Social Justice: We have the right to be treated and the responsibility to treat others with fairness and equity, the duty to challenge prejudice, and to uphold the laws, policies and procedures that promote justice in all respects.
