Spring 2024 Program
ALMA MATER

Hail To Thee, Our Alma Mater, Colorado State.
Memories Are Everlasting Of This Place So Great!
May Thy Green And Gold Unite Us, Loyal Ever Be.
Colorado State, Our Alma Mater, Hail, All Hail, To Thee.

COLORADO STATE UNIVERSITY SEAL

The Colorado State University seal is a modification of the official State of Colorado Seal, approved by the first General Assembly of the State of Colorado on March 15, 1877.

The seal consists of the eye of God within a triangle, from which golden rays radiate. Below the triangle is a bundle of birch or elm rods, wrapped with a scroll and around a battle axe bound by thongs. The scroll is called a Roman fasces and is the insignia of a republican form of government. The bundle of rods bound together symbolizes strength, which is lacking in the single rod. The axe symbolizes authority and leadership. Below the scroll is the heraldic shield bearing across the top three snow-capped mountains. The lower half of the shield has two miner’s tools, the pick and sledge hammer, crossed on the ground.

As the University evolved, the seal was updated to reflect changes to the school’s name. The original name was the State Agricultural College. In 1935, the name changed to Colorado State College of Agricultural and Mechanical Arts. In 1957, the name was again changed – this time to Colorado State University.

The original seal was made of hand-tooled leather. Damaged during the campus flooding of 1938, the original border was cut away in a random and arbitrary fashion and stitched back down on a new piece of leather in a scallop-like manner, giving the seal its current appearance.
**Principles of Community**

The Principles of Community support the Colorado State University mission and vision of access, research, teaching, service and engagement. A collaborative and vibrant community is a foundation for learning, critical inquiry, and discovery. Therefore, each member of the CSU community has a responsibility to uphold these principles when engaging with one another and acting on behalf of the University.

**Inclusion:** We create and nurture inclusive environments and welcome, value and affirm all members of our community, including their various identities, skills, ideas, talents and contributions.

**Integrity:** We are accountable for our actions and will act ethically and honestly in all our interactions.

**Respect:** We honor the inherent dignity of all people within an environment where we are committed to freedom of expression, critical discourse, and the advancement of knowledge.

**Service:** We are responsible, individually and collectively, to give of our time, talents, and resources to promote the well-being of each other and the development of our local, regional, and global communities.

**Social Justice:** We have the right to be treated and the responsibility to treat others with fairness and equity, the duty to challenge prejudice, and to uphold the laws, policies and procedures that promote justice in all respects.

**Land Acknowledgment**

Colorado State University acknowledges, with respect, that the land we are on today is the traditional and ancestral homelands of the Arapaho, Cheyenne, and Ute Nations and peoples. This was also a site of trade, gathering, and healing for numerous other Native tribes. We recognize the Indigenous peoples as original stewards of this land and all the relatives within it. As these words of acknowledgment are spoken and heard, the ties Nations have to their traditional homelands are renewed and reaffirmed.

CSU is founded as a land-grant institution, and we accept that our mission must encompass access to education and inclusion. And, significantly, that our founding came at a dire cost to Native Nations and peoples whose land this University was built upon. This acknowledgment is the education and inclusion we must practice in recognizing our institutional history, responsibility, and commitment.
Spring 2024

Dear Graduates,

On behalf of the faculty, staff, students, and alumni of CSU, I applaud you! Graduation marks your transition from CSU students to CSU alumni. I know whatever you do in the next phase of life, each one of you will find new ways to make this world better. You are well equipped to lead, to serve the changing needs of society, and to contribute to our democracy. The skills and talents you have demonstrated here at CSU will serve you well as you solve local issues and great global challenges.

Your success today is testament to your ability to meet opportunities and challenges. You’ve learned to persist, support one another, and take action to advance your goals. Today we commend you for reaching one of these goals. Your CSU degree will make a tremendous difference. We know that college graduates are more engaged in their communities, earn more, enjoy better health, and have greater career choices and successes. We are so proud that you reached this milestone, and are excited about the opportunities that lie ahead of you.

As you celebrate your accomplishments, you may also be reflecting on the people who have supported you along your journey. As you build your lives, you will have power to make a similar difference for others. Resolve to support, mentor, and befriend people in your workplaces, neighborhoods, and families. We have seen your compassion and involvement here on campus, and we know you will create opportunities for others and will continue to build strong communities.

One community you join today is the worldwide family of CSU alumni. You will always be Rams, and we want to continue to support your success. As an alumna and lifetime member of CSU’s Alumni Association myself, I hope you will stay connected with your classmates. We know you will meet many fellow Rams from other classes and disciplines throughout your careers and lives. Please come back and visit often.

We can’t wait to hear about all the ways you’ll make an impact on our world. All of us at CSU admire your achievements and support your future aspirations.

My very best wishes to each of you,

Amy Parsons
President, Colorado State University

** Not walking at commencement
Colorado State University originated in 1870 when the territorial legislature established an agricultural college at Fort Collins. This school qualified for endowment under the Morrill Act of 1862, which provided federal land grants to academic institutions offering instruction in “such branches of learning as are related to agriculture and the mechanic arts” and promoting “the liberal and practical education of the industrial classes in the several pursuits and professions of life.” Ideally, land-grant schools would make higher education more useful, accessible, and democratic.

Nearly a decade passed before classes began at Fort Collins, but in the interim, experimental work was conducted on the campus farm. How could the emerging modern sciences of physics, chemistry, and biology be applied to Colorado’s distinctive agricultural conditions? Which were the most suitable methods of soil use, irrigation, crop selection, animal care, and pest control? Answers demanded careful study, which an agricultural experiment station would soon provide. Research thus preceded teaching.

On September 1, 1879, President Elijah E. Edwards and a two-member faculty welcomed the first students to the college. In the beginning, a single course of study served all, and the original graduating class – George H. Glover, Leonidas Loomis, and Libby Coy – received degrees on June 5, 1884. By the turn of the century, however, the curriculum included fully developed majors in agriculture, engineering, and home economics, along with fledgling graduate-level work. Dedicated faculty contributed to this development, among them James Lawrence, Clarence Gillette, Theodosia Ammons, and Elwood Mead. Mead, for example, introduced the first instructional program in irrigation engineering to be offered by an American college or university, and Lake Mead, Nevada, commemorates his subsequent professional esteem.

Outreach augmented research and teaching. Knowledge generated in Fort Collins could benefit Coloradans beyond the home campus, and in 1880, the college began offering farmers’ institutes at various locations. Eventually, extension agents would provide locally focused service in all Colorado counties and launch enduring programs, such as 4-H.

Research, teaching, and outreach were all key college activities when Charles A. Lory began a 31-year tenure as president in 1909. A former ditch rider whose family had homesteaded in Colorado, Lory imbued the school with a commitment to practical education and service to the state. During his presidency, enrollments grew from 217 to 2,048, and the college developed into a well-rounded technical institution. By 1940, degrees were available in agriculture, engineering, home economics, veterinary medicine, forestry, vocational education, agricultural economics, and rural sociology. Notable faculty of the Lory era included Inga Allison, Lawrence Durrell, Walter J. Morrill, Isaac E. Newsom, Elizabeth Forbes, and Ruth J. Wattles.

These years also featured extracurricular activities and campus traditions. Fraternity and sorority life, Coach Harry Hughes’ football teams, and painting the “A” all left indelible memories. So did the calamity of the Great Depression, which posed exceptional challenges for Colorado’s land-grant institution as it worked to mobilize outreach support for the state’s hard-hit rural areas.

American involvement in World War II threw normal college routines into disarray. Enrollments plummeted as students and faculty left Fort Collins for military service. Although the college remained open because of President Roy Green’s success in bringing military training programs to the campus, national defense rather than collegiate goals prevailed. Research and extension efforts strongly emphasized agricultural output.

The post-war years saw an influx of veterans attending college on the G.I. Bill. In addition, Cold War tensions led to vastly augmented federal support for scientific research and training. Sponsored projects proliferated, as did graduate programs.

William E. Morgan, who became president in 1949, led the school’s emergence as a modern educational institution. A prudent planner, he foresaw the need for major campus expansion, identified areas of excellence, and encouraged their development. In 1955, the college awarded its first Ph.D. degree (to Adrian R. Chamberlain) and two years later changed its name to Colorado State University. Curricular improvements in the liberal arts, library acquisitions, and international programs gave legitimacy to the title of “university.”

During the 1960s, enrollments soared from 6,131 to nearly 17,000, enabling gifted teachers, such as Willard Eddy and Meyer Nathan, to influence numerous students. Young people of this era also seemed determined to exercise an influence of their own by challenging perceived injustices. Concerns about racism, military power, environmental despoliation, discrimination against women, and rules governing student behavior provoked protests.
Adrian R. Chamberlain succeeded William E. Morgan as president in 1969 amid campus unrest that culminated in the burning of the Old Main building in 1970. Chamberlain worked to consolidate university changes during a period of less rapid growth. By the conclusion of his 11-year tenure, the boom in American higher education had ended, along with the moral fervor of a youthful generation. Good jobs now elicited greater concern than good causes.

During the 1980s, Colorado State University faced many questions. Which programs would best serve a dynamic modern society? Could traditional commitments to agriculture and rural Colorado be balanced against escalating urban needs and international involvements? What role should computers and electronic networks play in facilitating education? The university addressed these and other critical issues despite administrative upheaval that featured three different presidents within a four-year period.

The 1990s imposed both new and traditional demands upon Colorado State University. Particularly notable was the flood of July 28, 1997. Despite devastating damage to the campus, including Morgan Library and the Lory Student Center Bookstore, CSU managed to start Fall Semester classes on time. This achievement reflected remarkable effort, which President Albert Yates defined as a challenge to make the university into “a better and stronger place in all of its dimensions.” During his 13-year presidency, which began in 1990, Yates provided leadership that significantly advanced this goal, seeking, in his words, to “always turn adversity to advantage.” CSU emerged from the flood with an enhanced sense of community, and its rebuilt campus was functionally and aesthetically superior to the earlier one. Under Yates, the quality of undergraduate and graduate education and research steadily improved, along with opportunities for women and underrepresented minorities. Faculty such as Temple Grandin, Stanley Shumm, George Seidel, Stephen Withrow, Diana Wall, and Holmes Rolston III achieved international renown, thereby enhancing CSU’s scientific and scholarly stature.

Intercollegiate athletics also flourished. Sonny Lubick’s winning football program, formation of the Mountain West Conference, and unprecedented success for women’s teams highlighted this trend. Olympic champion swimmer Amy Van Dyken and basketball All-American Becky Hammon were among the school’s best-known athletes.

Recently, CSU, like most public universities, has been severely tested by state, national, and global economic problems, along with competition for students by peer institutions and proliferating online academic programs. It has responded by diversifying resources, maintaining fiscal stability, and pursuing appropriate goals. For example, environmentalism has become an institutional objective, rekindling CSU’s longstanding research and teaching expertise in this realm. The university has emphasized science, technology, engineering, and mathematics education, while concurrently promoting the values of international understanding and responsible community involvement. It also launched a significant building program that initially benefited from bargain construc-

Guggenheim

tion savings during the Great Recession and consistently low interest rates. Additions included living-learning residence halls, technology-enabled classrooms, a totally refurbished Student Center, and an on-campus stadium. Rarely has CSU’s commitment to the “power of place” been more evident than in the transformational character of its campus during the past decade - functionally, aesthetically, and sustainably.

Anthony A. Frank, inaugurated as CSU’s president in 2009, facilitated these changes. A faculty member since 1993, he subsequently held key administrative positions and worked actively to advance institutional priorities that embodied its land-grant educational heritage. Frank’s ten-year presidency emphasized academic excellence and the principles of inclusion, service, and social justice, providing a solid foundation for the work of Joyce McConnell, who became the first woman president of the institution in 2019, as CSU began celebrations of its 150th anniversary. During 2020 and 2021 McConnell led the university through an unprecedented transformation of teaching, research, and service necessitated by the COVID-19 pandemic. As we move purposefully into the future, this transformative work continues under the direction of Amy Parsons, who took office as CSU’s 16th president on February 1, 2023.

Today, tradition finds renewal in the academic ceremony of commencement – simultaneously celebrating past accomplishment, transition, and future promise. Since 1884, Colorado State University has bestowed 303,897 degrees. At present, 25,898 on-campus students, representing 107 nations, receive instruction from 2,135 faculty in eight separate colleges, plus the Graduate School. Research expenditures total $498.1 million annually. This vitality is rooted in a dynamic legacy that enables Colorado State University to address the challenges of the post-9/11 era. Historically, this school has embraced democratic opportunity, rewarded competence and merit, and instilled perseverance. It has advanced wisdom as well as knowledge. These values are crucial to sustaining human civilization in the 21st century.

– James E. Hansen II, Professor Emeritus of History
– Linda M. Meyer, Archivist, CSU Libraries
Board of Governors of the Colorado State University System

The Board of Governors consists of 15 members, nine of whom are appointed by the governor of Colorado to serve four-year terms as voting members. Voting members may be appointed to a maximum of two four-year terms. The six non-voting members represent Colorado State University, Colorado State University-Pueblo, and Colorado State University-Global Campus. One faculty member and one student leader are representatives from each university.

John Fischer, Chair
Dr. Nathaniel "Nate" Easley, Jr., Vice Chair
Kenzo Kawanabe, Treasurer
Elizabeth Markey, Secretary
Polly Baca
Ray Baker
Dominic DiSanti
Kim Jordan
Louis Martin

Dr. Andrew Norton, Faculty Representative, Colorado State University (Non-Voting Member)
Dr. Jon Pluskota, Faculty Representative, Colorado State University-Pueblo (Non-Voting Member)
Dr. Susan Aloi, Faculty Representative, Colorado State University-Global Campus (Non-Voting Member)
Nick DeSalvo, Student Representative, Colorado State University (Non-Voting Member)
Gavin Graham, Student Representative, Colorado State University-Pueblo (Non-Voting Member)
Laxman Adhikari, Student Representative, Colorado State University-Global Campus (Non-Voting Member)

Colorado State University Leadership

Dr. Anthony A. Frank, Chancellor of the Colorado State University System
Amy Parsons, J.D., President
Dr. Marion K. Underwood, Provost and Executive Vice President
Brett Anderson, Special Advisor to the President and Chancellor
Brandon Bernier, Vice President for Information Technology and Chief Information Officer
Dr. Kauline Cipriani, Vice President for Inclusive Excellence
Derek Dictson, Vice President for University Advancement
Kathleen Fairfax, Vice Provost for International Affairs
Brendan Hanlon, Vice President for University Operations and Chief Financial Officer
Kyle Henley, Vice President for Marketing and Communications
Dr. Blanche Hughes, Vice President for Student Affairs
Dr. Susan James, Vice Provost for Faculty Affairs
Dr. Laura Jensen, Vice Provost for Planning and Effectiveness

Dissertation: The Impact of Rootstock on Peach
Dissertation: Bacteriomes of Peaches and Cover Crops
Adviser(s): Jorge Vivanco and Ioannis Minas
Compounds in Models of Brain and Skeletal
and Mitochondrial Function with Phytochemical
Dissertation: Targeting Proteostatic Maintenance
Adviser(s): Karyn Hamilton
Shales, East Greenland and Mid-Norwegian Shelf
Svalbard and Mercury Degradation of Upper Permian
Dissertation: Rhenium-Osmium Geochronology and
Starter Culture
Made with Bulk Starter and Direct to Vat
Adviser(s): Martha Stone
that Modulate Glia and Contribute to
Dissertation: Infectious Disease, Age, and
Adviser(s): Julie Moreno and Randall Basaraba
Dissertation: Hormonal Contraception and Eating
Disabilities Through Assessment, Self-Report, and
Adviser(s): Arlene Schmid and Andy Persch
Childhood Education
Dissertation: An Exploratory Cross-Case Study
Adviser(s): Arlene Schmid and Patti Davies
with Traumatic Brain Injury
Adviser(s): James Graham
Dissertation: Personal and Contextual Influences
Adviser(s): Samuel Brewer
Dissertation: Precision Measurements on a Single
Tapped Beryllium Ion
Swyt, Mitchell S.
Adviser(s): Kristen Buchanan
Dissertation: Brillouin Light Scattering: A Powerful
Tool in Magmatics Research
Almengual, Mallory
Adviser(s): Kathryn Rickard
Dissertation: Hormonal Contraception and Eating
Pathology: A Study Among Undergraduate Women
Anderson, Kemol Jaymar
Adviser(s): Frits Kokoszka
Dissertation: Test of Change Point Versus Long-Range
Dependence in Functional Time Series
Bhattacharjee, Abhishek
Adviser(s): Ketul Popat
Dissertation: Advanced Nanstructured Materials for
Enhancing Bioactivity
School of Biomedical Engineering
Bioengineering (Graduate Degree Program in)
Bioengineering
Raymond, William Scott
Adviser(s): Brian Munksy
Dissertation: Stochastic Modeling to Explore the
Central Dogma of Molecular Biology and to Design
Microfluidic Single-Molecule, Live-Cell
Fluorescence Microscopy Experiments
School of Education
Education and Human Resource Studies
Hunt, Mark Joseph
Adviser(s): Thomas Chermark
Dissertation: Relationship of Transformational
Leadership and Organizational Readiness for Change
as Mediated by Leader-Member Exchange and
Work Engagement
Kopp, Hollie C.
Adviser(s): Ryan Boren
Dissertation: The Perils of Parenting: A
Phenomenological Study of the Unpartnered Mother
Scholar Experience
Sociology
Bendek, Shawna Lee
Adviser(s): Jeni Cress
Dissertation: Students with Disabilities During the
COVID-19 Pandemic: How an Inverted Disaster
Impacted Educational Access, Student Outcomes, and
Family Strain
Soil and Crop Sciences
Mets, Nicholas James
Adviser(s): Esten Mason
Dissertation: Mapping Rhizoctonia Root and Crown
Rot Resistance from Sugar Beet Germplasm FC709-2
Using New Genomic Resources
Mutua, Joyce Chelagat
Adviser(s): Steven Fonte
Dissertation: Impacts of Cropping System and
Nutrient Management on Soil Health and Soil-Borne
Pathogens in Smallholder Systems of Western Kenya
Nelson, Amelia Rose
Adviser(s): Mike Wilkins
Dissertation: Tracking the Impact of Wildfire on the
Soil Microbiome across Temporal Scales
Wondifraw, Meseret Asmamaw
Adviser(s): Scott Ialey and Esten Mason
Dissertation: Genome-Wide Association Study and
Genomic Prediction for End-Use Qualities in Hard
Winter Wheat
Statistics
Croatzinger, Michael Lawrence
Adviser(s): Daniel Cooley and Julia Sharp
Dissertation: Functional Methods in Outlier
Detection and Concurrent Regression
Du, Wensiq
Adviser(s): Wen Zhou
Dissertation: Stochastic Modeling and Inferences on
Directed Networks
Meng, Xiaodong
Adviser(s): Frits Kokoszka
Dissertation: Test of Change Point Versus Long-Range
Dependence in Functional Time Series
Systems Engineering
Boakye, Kwaku
Adviser(s): Steve Samske
Dissertation: Raw Material Optimization and
CO2 Sensitivity Predictive Analytics in Cement
Manufacturing: A Case Study at Union Bridge Plant,
Heidelberg Materials, Maryland
Caldwell, Steven P.
Adviser(s): Donald Radford

Duggan, Gerald P.
Adviser(s): Dan Zimmerman and Peter Young
Dissertation: Modeling Energy Systems Using Large Data Sets

Elhadeedy, Ahmed Hamdy
Adviser(s): Jeremy Daily
Dissertation: Managing Risk in Commercial-off-the-Shelf Based Space Hardware Systems

Adviser(s): Steve Smokey
Dissertation: Hybrid MBSE-DEVOPS Model for Implementation in Very Small Enterprises

Burtard, Brooke Ellison
Brodish, Teryn Elisabeth
Badami, Selena Collette
Adviser(s): Brad Conner and Mark Prince

Herbert, Eric W.
Adviser(s): Ron Sega and Thomas Bradley
Dissertation: Adhesively Bonded Composite Joints

St. Laurent, Amber E.
Spidel, James Alan

Announcer
Dr. James Pritchett, Vice President for Engagement and Extension, Colorado State University and Dean, College of Agricultural Sciences

Marshals
Dr. Cynthia Brown, Department Marshal, Agricultural Biology
Dr. Jordan Suter, Department Marshal, Agricultural and Resource Economics
Dr. Sarah Matlock, Department Marshal, Animal Sciences
Dr. Ioannis Minas, Department Marshal, Horticulture and Landscape Architecture
Dr. Francesca Cotrufo, Department Marshal, Soil and Crop Sciences

On the Platform
Dr. Stephen Coleman, Professor and College Marshal, Animal Sciences
Dr. James Pritchett, Vice President for Engagement and Extension, Colorado State University and Dean, College of Agricultural Sciences
Dr. Dave Daley, Commencement Speaker
Dr. Amy Parsons, J.D., President, Colorado State University
Dr. Blanche Hughes, Vice President for Student Affairs, Colorado State University
Dr. Shawn Bingham, Director, University Honor’s Program, Colorado State University
Dr. Amy Charkowski, Associate Dean for Research and Executive Associate Dean, College of Agricultural Sciences
Dr. Eugene Kelly, Associate Dean for Extension and Director of the Agricultural Experiment Station, College of Agricultural Sciences
Dr. Quatez Scott, Assistant Dean for Inclusion, Diversity, and Equity in Agriculture, College of Agricultural Sciences
Matt Camper, Assistant Dean of Teaching Practice and Academic Programs, College of Agricultural Sciences

Addy Elliott, Assistant Dean of Advising and Student Success, College of Agricultural Sciences
Dr. Noa Roman-Muniz, Interim Department Head, Agricultural Biology
Dr. Hayley Chouinard, Department Head, Agricultural and Resource Economics
Dr. Patrick Doyle, Department Head, Animal Sciences
Dr. Mengmeng Gu, Department Head, Horticulture and Landscape Architecture
Dr. Chris Pires, Department Head, Soil and Crop Sciences

Dave Daley, Commencement Speaker
Dr. Dave Daley (’84) is a fifth-generation cattle producer born and raised in California. He earned his M.S. and Ph.D. from Colorado State University in animal sciences after completing his B.S. at California State University, Chico. In his time at Colorado State, Dave was heavily involved in beef and meats research and served as the coach of the livestock judging team.

Daley’s experiences as a cow-calf producer and an educator make him invaluable to California’s beef producers and the state’s cattle industry. He is a professor emeritus at California State University, Chico where he spent more than 30 years in a number of different roles educating and lecturing on livestock production systems and the connection of agriculture to other societal issues.

Daley and his son, Kyle, manage the family ranch near Oroville, California, and after obtaining U.S. Forest Service grazing permits for many generations in the Plumas National Forest, he is well versed in the issues public lands ranchers face. His passion about preserving public lands grazing and leadership in California’s beef industry has led him to serve in multiple positions at the local, state, and national levels.

He is currently chair of the California Public Lands Council, chair of the Public Lands Council Forest Service Committee, and past chair of the National Cattlemen’s Beef Association’s Federal Lands Committee. In addition to his public land-related leadership roles, he currently serves as Chair of the California Cattle Council. Daley is also past president of the California Cattlemen’s Association.

Rich Tinberg, Commencement Speaker
Rich Tinberg has served as president and CEO of The Bradford Hammacher Group Inc. for 39 years. The Group includes The Bradford Exchange Ltd. and its affiliates, which market a wide range of products, such as jewelry, gifts, collectibles, bank checks, coins, music boxes and apparel. It also includes Hammacher Schlemmer, the 176-year-old purveyor of a wide variety of innovative products deemed to be “the best, the unique and the unexpected.”

Rich came to CSU on a football scholarship and graduated with a bachelor’s degree in business in 1972. He then earned a master’s degree in management from Northwestern University in 1975. Rich is also a certified public accountant.

From 1975 to 1980, he worked for Arthur Anderson & Co., where he was a manager in the closely held business division. In 1980, he joined The Bradford Exchange as director of new business development. In 1983, he was named president of Hammacher Schlemmer, and in 1984, he was named president and CEO of both The Bradford Exchange and Hammacher Schlemmer.

Ray Jackson, ’99
Vice President of Player Development
Denver Broncos

Ray Jackson (B.A., social work, ’99), is an executive in the National Football League. Building on his standout football performance at Monbello High School in Denver and for the CSU Rams, Jackson was drafted to play cornerback for the Buffalo Bills and Cleveland Browns. His post-playing career has included roles with the Browns, Pittsburgh Steelers, and Broncos and three Super Bowl-winning teams. Jackson credits social work – his degree and calling – as the core of his success in supporting players with training and education to maximize their potential to achieve their goals on and off the field. Jackson and his wife, Natalie, have five children and four grandchildren. He is a member of the CSU Athletics Hall of Fame and the College of Health and Human Sciences Executive Leadership Council.

Rachel Washburn, ’24
Outstanding Senior
College of Health and Human Sciences

Rachel Washburn is graduating magna cum laude with a B.S. in health and exercise science and a minor in gerontology. She has applied her dynamic interdisciplinary passions into impactful action. Her interest in human aging inspired her to tailor her Honors thesis to focus on healthy aging, and to serve as a research assistant on a federally funded project aimed at empowering grandparents raising grandchildren. As president of the CSU Gerontology Club, Rachel has been the driving force behind innovative community initiatives, significantly enhancing aging education and fostering invaluable intergenerational connections. Rachel’s research excellence, dedication to community service, and academic achievement position her for continued success as she pursues her Occupational Therapy Doctorate at CSU.

Rachel Washburn, Health and Exercise Science major and Gerontology minor with Health Promotion concentration. Thesis title: “Explore and Learn: Tech Skills for Older Adults” – A Class Series to Support Older Adults with Technology.

College of Natural Sciences
College of Natural Sciences Commencement
May 11, 2024
Order of Ceremony

Processional .................................................................................................................. Colorado State Brass Quintet
Commencement Emcee ................................................................................................. Dr. Simon Tavener
Presentation of the Colors ............................................................................................ Air Force ROTC Wing Walker Honor Guard
National Anthem ......................................................................................................... Amity Matthews and Audience
Introduction of Platform Party ..................................................................................... Dr. Tavener
Dean's Welcome and Introduction of Commencement Speaker ..................................... Dean Janice Nerger
Commencement Address ............................................................................................... Miranda Ballentine
Conferral of Degrees ..................................................................................................... President Amy Parsons
Diploma Distribution ..................................................................................................... Dean Nerger and Department Chairs
Alumni Welcome .......................................................................................................... Dr. Lisa Dysleski
Closing Remarks ........................................................................................................... Dean Nerger
Alma Mater .................................................................................................................. Amity Matthews and Audience
Recessional .................................................................................................................... Colorado State Brass Quintet

Announcer: Dr. Jacob Roberts, Chair, Department of Physics

ASL Interpreters: Grey Mitchels and Teri Marsh

Marshals: Drs. Steve Benoit, Edward Delosh, Joseph DiVerdi, Martin Gelfand, and Carlos Olivo-Delgado

On the Platform

Front Row:
Kyle Henley, Vice President of Marketing and Communications
Amy Parsons, J.D., President, Colorado State University
Miranda Ballentine, MBA
Dr. Janice Nerger, Dean
Dr. Simon Tavener, Executive Associate Dean
Dr. Lisa Dysleski, Associate Dean
Dr. Santiago Di Pietro, Associate Dean
Dr. Shawn Bingham, Director, University Honors Program
Col Greg Johnson, Professor, Air Force ROTC, Aerospace Studies

Second Row:
Dr. Laurie Stargell, Chair, Biochemistry and Molecular Biology
Dr. Deborah Garrity, Chair, Biology
Dr. Matthew Shores, Chair, Chemistry
Dr. Bruce Draper, Chair, Computer Science
Dr. Alexander Hulpke, Interim Chair, Mathematics
Dr. Jacob Roberts, Chair, Physics
Dr. Don Rojas, Chair, Psychology
Dr. Haonan Wang, Chair, Statistics
Dr. Nancy Levinger, Chemistry, University Distinguished Teaching Scholar
Dr. LeRoy Poff, Biology, University Distinguished Professor
Dr. Debbie Crans, Chemistry, University Distinguished Professor
Dr. A.R. Ravishankara, Chemistry, University Distinguished Professor

Faculty Representatives
Biochemistry and Molecular Biology: Jeff Hansen, Brian Kalet, Grant Schauer, Tingting Yao
Biology: Salah Abdel-Ghany, Lisa Angeloni, Zach Grochau-Wright, Shane Kanatous, June Medford, Cory Williams, Jennie Willis
Chemistry: Amber Krummel, Akiko Nakamura, Panduka Piyaratne, Hamony Tucker

Computer Science: Asa Ben-Hur, Marcia Moraes
Mathematics: Elizabeth Arnold, Jason DeMoulpied, Maria Gillespie, Janet Oien, Mark Shoemaker, Yoncheng Zhou
Physics: Norm Buchanan, Stuart Field, Emily Hardegree-Ullman, Dylan Yost
Psychology: Bryan Dik, Keaton Fletcher, Daniel Graham, Kate Hebert, Reagan Miller, Tracy Richards
Statistics: Kirsten Ellerton, Ben Shaby, Yunpeng Zhao

Miranda Ballentine, Commencement Speaker

Miranda Ballentine, a 1996 graduate in psychology from Colorado State University, will serve as the 2024 Commencement Speaker for the College of Natural Sciences. Ballentine received her M.B.A. in Environmental Management and Policy from the George Washington University School of Business. She has focused her career on environmental and sustainability strategies and development for numerous organizations including as the Director of Sustainability, Renewable Energy and Sustainable Facilities for Walmart and the Assistant Secretary, Installations, Environment, Energy for the United States Air Force. Ballentine founded numerous companies, most notably, the Clean Energy Buyers Association whose mission is to "achieve a 90% carbon-free U.S. electricity system and cultivate a global community of energy customers driving clean energy," where she served as Founding CEO until the end of 2023.

Ballentine’s leadership in sustainability and climate initiatives has been recognized through numerous global awards including being named to the inaugural TIME100 CLIMATE list, honoring individuals who are making significant progress in fighting climate change. She was selected to join the World Economic Forum’s Young Global Leaders, and she was named Woman of the Year by the Women's Council on Environment and Energy. In 2016, Miranda was honored with the Air Force's highest civilian award, the Decoration for Exceptional Civilian Service to the United States Air Force.

Grace Babcock, Psychology major and Global Studies minor with General Psychology concentration and Languages, Literature, and Cultures major with Spanish concentration. Thesis title: The Intersectionality of Applied Behavioral and Cognitive Neuroscience Approaches in Enhancing Substance Use Education.

Mikyla Bowen, Data Science major with Computer Science concentration. Thesis title: Extending the Capabilities of Generative Networks to Improve Classification Networks and Image Interpretability.

Izzy Brunson, Psychology major and Spanish minor and Criminology/Criminal Justice minor. Thesis title: Implementing Modern Criminological Profiling Techniques to Examine Female Serial Killers Throughout History.

Anh Bui, Biological Science major and Business Administration minor with Biological Science concentration. Thesis title: Mentorship and Education Support for Low-Socioeconomic Students.

Megan Byrne, Biological Science major and American Sign Language minor with Biological Science concentration and Chemistry minor. Thesis title: Hear Me Now: Dissecting the Barrier Between Deaf/Hard of Hearing Patients and Healthcare Professionals.

Madeline Colvin, Biological Science major and Chemistry minor with Biological Science concentration and Neuroscience major with Behavioral and Cognitive Neuroscience concentration. Thesis title: Directly Reprogrammed Microglia to Study Protein Expression in Conjunction with Cognitive Function.

Caroline Denison, Psychology major and Human Development and Family Studies minor with Clinical/Counseling Psychology concentration. Thesis title: In Search of Lamenta: A Divine River’s Call.

Dagny Frankenthaler, Biological Science major with Biological Science concentration. Thesis title: Extending the Capabilities of Generative Networks to Improve Classification Networks and Image Interpretability.

Jacline Hanson, Biological Science major with Biological Science concentration. Thesis title: Waxen Wings of the Caduceus: A Creative Review of Mental Health in Veterinary Medicine.

Elena Heins, Zoology major and Spanish minor. Thesis title: Tu guía para tener una mascota.

Sophia Kirk, Biological Science major with Biological Science concentration. Thesis title: A How to of Establishing Women’s Health Programs in a Rural Community.

Ashlynn Lutz, Biological Science major and Chemistry minor with Biological Science concentration. Thesis title: Protein Misfolding in Neurodegenerative Diseases.

Tabby McMichael, Psychology major and Chemistry minor with Addictions Counseling concentration. Thesis title: Monthly Simultaneous Alcohol and Marijuana Use: Effects on Depression, Anxiety, and Stress in Male and Female College Students.

Nathan Mitchell, Data Science major with Computer Science concentration. Thesis title: Type M Error: Consequences of Selection Bias when the Null Hypothesis is False.

Andrew Moore, Biochemistry major with Data Science concentration. Thesis title: Characterization of Bacterial Dynamics Within the Caenorhabditis elegans Intestine.

Alissa Morgan, Computer Science major with Networks and Security concentration. Thesis title: Database Creation with Exports for Nontechnical Professionals.

Katie Myers, Data Science major with Neuroscience concentration. Thesis title: Understanding Young Adults Perceptions of Data Privacy on Social Media.

Ri Nabbefeld, Computer Science major with Computer Science concentration and Design Thinking certificate. Thesis title: "100 Days Behind You," a Story on Grief.

Anna Parry, Biochemistry major with American Society for Biochemistry and Molecular Biology concentration and Languages, Literature and Cultures major with Spanish concentration. Thesis title: Induced Epigenetic Diversity and Plasticity in Crops to Confer Climate Change Resiliency.

Cassidy Payne, Biological Science major and Mathematical Biology minor with Biological Science concentration and Conservation Biology minor. Thesis title: An Examination of the Sustainability of Breeding Programs in AZA Accredited Zoos.

Madison Pelletier, Biological Science major with Biological Science concentration. Thesis title: Characterization of Biogenic Amine Receptors in Two Decapod Crustaceans.

Elisa Randazzo, Psychology major and Philosophy minor with Industrial/ Organizational Psychology concentration. Thesis title: Flourishing at Work: Integrating Philosophical and Psychological Perspectives to Reach Worker Fulfillment.

Hayley Reish, Psychology major with General Psychology concentration. Thesis title: Conceptualization Case – An In-Depth Analysis of Dissociative Identity Disorder.

Cait Remington, Biological Science major and Chemistry minor with Biological Science concentration. Thesis title: Science: Its Importance in Educating and Exciting the Next Generation.

Savannah Rockwell, Psychology major and Film Studies minor with General Psychology concentration. Thesis title: ANXIETY HAPPENS – A PSA Trilogy.

Taylor Rowe, Biological Science major and Fishery Biology minor with Biological Science concentration. Thesis title: A Glimpse into the Lives of Student-Athletes. Is It All Fun and Games?

Sebastian Ruterbories, Physics major and English minor with Physics concentration. Thesis title: Coulomb Repulsion in the ICARUS LArTPC.

Julia Sanders, Biological Science major and Spanish minor with Biological Science concentration. Thesis title: Fiber Arts as a Feminist Outlet.

Matteo Selvaggio, Computer Science major and Japanese minor with Computer Science concentration. Thesis title: The Internet of Things and College Campus Networking Solutions.

Nisha Shrestha, Biological Science major and Biomedical Sciences minor with Biological Science concentration and Chemistry minor. Thesis title: Effectiveness of Phototherapy on ESKAPE Pathogens.

Chloe Smith, Biological Science major and Biomedical Sciences minor with Biological Sciences concentration and Chemistry minor. Thesis title: The Effect of Formic Acid Concentration and Exposure Time on CWD Infected and Uninfected Tissue-Samples.

Krist Tran, Biological Science major and Business Administration minor with Biological Science concentration. Thesis title: A New Normal: How the End of the National Health Emergency Has Impacted Healthcare Insurance.

College of Veterinary Medicine and Biomedical Sciences
ORDER OF CEREMONY

Processional 2

Posting of the Colors

National Anthem 1

Welcome and Introductions

Student Remarks

Recognition of Outstanding Achievements of Graduates

Presentation of Class

Confering of Degrees

Diploma Distribution and Recognition 2

Welcome to the Alumni Association

Closing Remarks and Announcements

Alma Mater and Recessional 2

College Marshal(s): Mr. Chase Weldon

Diploma Distribution: Dr. Phillip Quirk, Director, Assistant Professor, Undergraduate Neuroscience Program; Dr. Jennifer McLean, Associate Head, Associate Professor, Microbiology, Immunology, and Pathology; Dr. Christianne Magee, Associate Professor, Associate Department Head, Biomedical Sciences

On the Platform

Dr. Marion Underwood, Provost, Colorado State University
Dr. Kauline Cipriani, Vice President for Inclusive Excellence
MAJ Adam Graetz, Army ROTC, Military Sciences
Dr. Shawn Bingham, Director, University Honors Program
Dr. Sue VandeWoude, Dean, College of Veterinary Medicine and Biomedical Sciences
Dr. Colin Clay, Executive Associate Dean, Professor, College of Veterinary Medicine and Biomedical Sciences
Dr. Sandra Quackenbush, Professor, Associate Dean for Academic and Student Affairs
Dr. Naomi Nishi, Assistant Dean for Diversity, Equity, and Inclusion
Dr. Naomi Ward, Professor, Department Head, Microbiology, Immunology, and Pathology
Dr. Bret Smith, Professor, Department Head, Biomedical Sciences
Dr. Alexander Brandl, Professor, Interim Department Head, Environmental and Radiological Health Sciences
Dr. Noreen Reist, Professor, Director, Molecular, Cellular and Integrative Neurosciences Program
Dr. Christianne Magee, Associate Professor, Associate Department Head, Biomedical Sciences
Dr. Phillip Quirk, Director, Assistant Professor, Undergraduate Neuroscience Program
Dr. Jennifer McLean, Associate Head, Associate Professor, Microbiology, Immunology, and Pathology

Announcers

Dr. Sheryl Magzamen, Associate Professor, Environmental and Radiological Health Sciences
Dr. Christianne Magee, Associate Professor, Biomedical Sciences
Dr. Traci Kinkel, Instructor, Microbiology, Immunology and Pathology
Kenny Ivie, Instructor, Biomedical Sciences

1 Audience will stand
2 Audience may remain seated
Isla Anderson, Biomedical Sciences major and Spanish minor with Microbiology and Infectious Diseases concentration. Thesis title: Peripheral Mycobacterium tuberculosis Infection Results in Neuroinflammation and Accumulation of Misfolded Proteins in Non-Human Primates.

Sierra Belezos, Biomedical Sciences major with Microbiology and Infectious Diseases concentration. Thesis title: Burnout in Healthcare Workers: A Systemic or Personal Issue?

Evelina Bouckova, Neuroscience major and Biomedical Sciences minor with Behavioral and Cognitive Neuroscience concentration. Thesis title: Ketamine's Rapid Antidepressant Effects are Mediated by Ca2+-Permeable AMPA Receptors.

Hailey Brown, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: Validation of a Novel Preclinical Marine Model of Chronic Ankle Overuse Injuries via Mechanical Induction.

Kathryn Coffin, Biomedical Sciences major and Entomology minor with Microbiology and Infectious Diseases concentration. Thesis title: The Use of Ivermectin-Treated Bird Seed for Mosquito Population Control.

Kayla Fairweather, Biomedical Sciences major and Biomedical Engineering minor with Anatomy and Physiology concentration and Spanish minor. Thesis title: Delivery of Lipoteichoic Acid to Promote an Anti-Tumor Macrophage Response in the Treatment of Osseosarcoma.

Camille Fancy, Biomedical Sciences major and Food Science/Safety minor with Environmental Public Health concentration. Thesis title: Feral and Stray Cats: A Population Crisis Study.

Sarah Hallberg, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: Breaking the Cycle: Understanding and Addressing Period Poverty in our Community.

Eleigha Hamari, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: The Intersectionality of Communication and Health for Intimate Young Adult Relationships.

Brayden Harris, Biomedical Sciences major and Food Science/Safety minor with Environmental Public Health concentration. Thesis title: Human Impact on the Environmental and Ecological Health of National Parks.

Rebecca Isaac, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: Assessing the Benefits and Challenges of Transitioning to a Raw Ferret Diet.

Kyla Jacobs, Neuroscience major and Spanish minor with Cell and Molecular Neuroscience concentration. Thesis title: Intracranial Ventricular Injection of Neuropeptide Y Suppresses Luteinizing Hormone Pulses in Female Mice.

Isa Johnson, Biomedical Sciences major with Microbiology and Infectious Disease concentration and Anatomy and Physiology concentration. Thesis title: Fueling the Future Microbiologists.

Tyler Johnson, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: Investigation into the Perceived Effects of Sodium, Potassium, and Added Sugar Intake on Hypertension Pathogenesis as Compared to Current Literature and Commonly Consumed Foods.

Jo Kindsfater, Biomedical Sciences major and Spanish minor with Anatomy and Physiology concentration. Thesis title: High Temperature Vapor Silylation and Reduced HACTA Particle Diameter as a Means of Generating Greater Percent Yield of the Polar Biomaterial Silyl Hyaluronan Cetyltrimethylammonium (SHACTA).

Zachary Marcolina, Biomedical Sciences major and Chemistry minor with Anatomy and Physiology concentration and Biomedical Engineering minor. Thesis title: Accessibility in STEM.

Mays Matsubara, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: Implementing Interventions in Female NCAA D1 Student-Athletes with Burnout.

Rachel McMillan, Biomedical Sciences major and American Sign Language minor with Microbiology and Infectious Disease concentration. Thesis title: An Analysis of the Quality of Deaf/HoH Patient Experiences.

Veronica Neujahr, Biomedical Sciences major and Food Science/Safety minor with Environmental Public Health concentration. Thesis title: Dr.

Skylar Nollenberger, Biomedical Sciences major with Anatomy and Physiology concentration. Thesis title: International Infant Mortality: An Examination of Influences on Death Rates.

Santiago Pinedo, Biomedical Sciences major with Anatomy and Physiology concentration and Languages, Literatures and Cultures major with Spanish concentration. Thesis title: An Evaluation of the Effectiveness of the Caminos Program in Encouraging Students Towards Postsecondary Education Through a Focus on Cultural Wealth and Ideas to Improve Effectiveness.

Julia Siegel, Neuroscience major and Biomedical Sciences minor with Cell and Molecular Neuroscience concentration and Chemistry minor. Thesis title: Disruptions in Tight Junctions at the Blood Brain Barrier Correlated to Neurological Disorders.

Alex Silverhart, Biomedical Sciences major and Spanish minor with Anatomy and Physiology concentration. Thesis title: Queer Sex Education for the Greater Fort Collins Area.

Abi Somers, Biomedical Sciences major with Anatomy and Physiology concentration and Languages, Literatures and Cultures major with French concentration. Thesis title: Improving the Language Barrier Between French Speakers and American Physicians.

Kristin Weninger, Biomedical Sciences major and Music minor with Environmental Public Health concentration and Microbiology and Infectious Disease concentration. Thesis title: Neurotoxicity Induced by Urinary Tract Escherichia coli Infection Results in Neuroinflammation in a Guinea Pig Model.

Mackenzie Widmer, Biomedical Sciences major and Spanish minor with Anatomy and Physiology concentration and Chemistry minor. Thesis title: Surfactant Replacement Therapy in Neonates.

Eja Willis, Neuroscience major and Anthropology minor and Behavioral and Cognitive Neuroscience concentration. Thesis title: The Use of Probiotics as Treatment for Alzheimer's Disease: A Review.

Kathryn Worrell, Biomedical Sciences major with Microbiology and Infectious Diseases concentration. Thesis title: Spontaneous Prion Diseases and Prion Therapeutics.

On the Platform
Amy Parsons, J.D., President, Colorado State University
Dr. Rebecca Atadero, Interim Associate Dean, Academic Affairs
Dr. Sam Bechara, Interim Director, School of Biomedical Engineering
Dr. Shawn Bingham, Director, University Honors Program
Dr. Melissa Burt, Associate Dean, Diversity and Inclusion and Interim
Associate Dean, Student Affairs
Dr. Edwin Chong, Department Head, Electrical and
Computer Engineering
Dr. David Dandy, Department Head, Chemical and
Biological Engineering
Rosa Henson, ’24 Environmental Engineering
Chase Jackson, Academic Advisor, School of Biomedical Engineering
Dr. Matt Kipper, Associate Dean, Graduate Programs
Lt Col Scott McCoy, Air Force ROTC, Assistant Professor of
Aerospace Studies
Dr. Cass Moseley, Vice President for Research
Dr. Christian Puttlitz, Department Head, Mechanical Engineering
Dr. Kenneth Reardon, Associate Dean, Research
Dr. Allen Robinson, Dean
Dr. Charles Shackelford, Department Head, Civil and
Environmental Engineering
Calvin Sisson, President and CEO, Suzanne and Walter Scott
Foundation and Walter Scott Family Foundation
LTC Matthew Tillman, Army ROTC, Professor of Military Science

College Marshals

Marshall: Chase Jackson; Assistant Marshals: Susan Benzel, Bella Pulido, Betty Sims

Rosa Henson, Student Speaker
Rosa, a Colorado native, first-generation student, is an environmental engineering major with an aerospace studies minor. She is a cadet in CSU’s Air Force Reserve Officer Training Corps (AFROTC) Detachment 90 program. Post-graduation, Rosa will commission into the United States Air Force as a second lieutenant, beginning her career as an acquisitions officer stationed at Wright-Patterson Air Force Base, Ohio.

Calvin Sisson, Commencement Speaker
Calvin serves as president and CEO of Walter Scott’s foundations – the Suzanne and Walter Scott Foundation and the Walter Scott Family Foundation. He is also responsible for leading five additional unique and independent Scott family foundations as well as implementing the foundations’ philosophy and mission through their annual grant-making programs.
WALTER SCOTT, JR. COLLEGE OF ENGINEERING
CANDIDATES FOR UNIVERSITY HONORS SCHOLAR
Spring 2024

Grace Blasowski, Chemical and Biological Engineering major. Thesis title: Exploration of Hormones and Explant Types for C. roseus Adventitious Root Cultivation.

Declan Buggy, Biomedical Engineering major and Mechanical Engineering major. Thesis title: Developing an In-House Manufacturing Method for Pediatric Prosthetic Feet.

Parker Dunham, Chemical and Biological Engineering major. Thesis title: Caterpillar Methanol Marine Engine Reactor Design.

Alayna Gilbert, Chemical and Biological Engineering major. Thesis title: Chemical Analysis of Bio-Oils for Potential Use as Sustainable Aviation Fuels.

Sydney Graul, Biomedical Engineering major and Chemical and Biological Engineering major. Thesis title: Introduce a Girl to Engineering: Broadening Education for Women in Engineering.

Ethan Ho, Computer Engineering major and Computer Science minor with Networks and Data concentration. Thesis title: 5G Technologies Senior Design.

Madeline Hoffmann, Biomedical Engineering major and Mechanical Engineering major. Thesis title: Dual Lumen Steerable Microcatheter Design for Use at Coronary Artery Bifurcations.

Jason Jackson, Biomedical Engineering major and Mechanical Engineering major. Thesis title: Open Insulin.

Addison Lambert, Biomedical Engineering major and Mechanical Engineering major. Thesis title: Understanding Fibrosis Through the Mechanical Stretching of NIH-3T3 Fibroblasts.

Anika O’Brian, Biomedical Engineering major and Chemical and Biological Engineering major. Thesis title: Optimizing Protein Crystal Stability Using a Network of Disulfide Bonds.

Laiken O’Rourke, Civil Engineering major. Thesis title: Aquatic Organism Passage on the South Fork of the Cache la Poudre River.

Maas Van De Graaf, Civil Engineering major. Thesis title: Soldier Creek Trail Design.

Dr. David Anderson, Director, Colorado Natural Heritage Program
Matt McCombs, Director, Colorado State Forest Service
Nicole Stafford, Director, Environmental Learning Center

The Mace
The mace, originally a weapon of offense, has long been the insignia of authority. The mace carried in today’s ceremony was presented to Colorado State University by the College of Natural Resources in 1981. The three-and-half-foot black walnut staff, surmounted by a carved rams head, is embellished in silver with the emblems of Colorado State University and the State of Colorado.

Michael A. Fitz, Commencement Speaker
Michael A. Fitz is retired after a career of 32 years with the Gates Rubber Company in Denver working as a Regional Sales Manager and Marketing Director.
Michael graduated from the College of Forestry and Natural Resources at Colorado State University with a degree in Wildlife Biology and a minor in Rangeland Management in 1972.
He served in the U.S. Army in Germany from 1973-76 where he worked for the Armed Forces Recreation Center in Berchtesgaden. While there, he acquired the skills to be an accomplished ski mountaineer resulting in ski descents from more than 50 peaks over 14,000 feet in elevation in Europe, Alaska, Colorado, and the Pacific NW.
Currently Michael and his brother Howie are deeply involved in wildlife conservation and habitat restoration in their native state of Nebraska. They are purchasing farmland and taking it out of production to return it to natural grasslands. They are significant supporters and donors to the largest habitat conservation group in the U.S., Pheasants Forever, where they are donating their land to be managed as grasslands and eventually opened for public access forever.
Michael and Howie have also established an endowment for the Warner College of Natural Resources to support a graduate student in the field of conservation on public lands.
Michael continues to enjoy skiing, hunting, hiking, golf and global adventure travel.

On the Platform
Dr. Marion Underwood, Provost, Colorado State University
Dr. A. Alonso Aguirre, Dean, Warner College of Natural Resources
Dr. Monique Rocca, Associate Dean, Warner College of Natural Resources
Claire Walther, Graduating Senior, Fish, Wildlife, and Conservation Biology
